

DOWNTOWN ALMONTE CONSTRUCTION 2022-2023

Construction Update

Commencement of construction within Phase C

Cavanagh Construction is set to recommence Phase C construction activities as part of the Downtown Revitalization project on February 27th, 2023. The work includes cutting and removing sidewalks/asphalt, tree removal, and installation of temporary signage.

Access to the High Street parking lot will be provided from Bridge Street. In the event that privately owned parking spots are impacted, a parking pass will be provided by the Municipality to utilize municipally owned lots.

In the upcoming week, crews will begin laying out temporary watermains that will be buried within the existing sidewalk. Before any planned water disruptions occur, affected residents and businesses will receive hand-delivered notices.

Starting on Thursday, March 2nd, Brae Street will be closed to vehicular traffic, from its intersection with Mill to the High Street parking lot, as indicated in the diagram below. However, during this time, the sidewalks on Brae will remain accessible to the public. Completion of base lift asphalt is scheduled for May 1st, 2023.

Cavanagh Construction Contact Info

Cavanagh Construction has delivered their notification to residents and businesses; they can be contacted at the following:

Hilary Lalonde

Project Manager
