AUTHORIZATION TO CLOSE STREET FOR THE PURPOSE OF CONSTRUCTION

In accordance with The Road Activity By-law 2003-445, permission is hereby granted for you to close the following roadway:

On: Panmure Road	From: Upper Dwyer Hill Road	To: Rocky Coady Trail
-------------------------	------------------------------------	------------------------------

Under the following conditions:

Duration:

- 7:00am Friday, 20 October 2023 to Monday, 23 October 2023 6:00pm

Public Notification:

- Notify all affected residents/businesses and Ward Councillor, in writing, a minimum of **10 working days** in advance of the closure. The notification must be bilingual and include a description of any temporary changes to local access and/or parking.
- If the closure is postponed or cancelled, 2 working days' notice is required to a) the City b) residents, tenants and businesses located beside or near where the work will occur and c) the Ward Councillor.

Signage/Conditions:

- Contractor is to follow terms and conditions of contract CP000707 pertaining to traffic management during construction.
- Contractor to implement traffic control plans as accepted by Contract Administrator.
- If there are any changes to the traffic control plan(s) that may impact emergency access to residences and/or businesses **within** the approved closure the contractor must notify ParamedicCommunications@Ottawa.ca, ParamedicDO@Ottawa.ca and FireDispatch@Ottawa.ca.
- Maintain pedestrian access and provide pedestrian detours if necessary. If the closure of a sidewalk is required and pedestrians must be detoured, the contractor is required to provide **ten (10) business days** notice to adjacent home/business owners and contact the local area Councillor's office. Additional details can be found at Ottawa.ca/roadactivity
- Ensure all travel lanes, including bike and pedestrian facilities, are not obstructed by signage, equipment, or materials at all times.

- Maintain access to adjacent dwellings and businesses at all times. This includes emergency vehicle access.
- Contractor is to remove all associated Traffic Control Devices from site within 48hrs of completion of works.

Other:

- Contact the City's Right of Way Permits Unit; Inspection_Office@Ottawa.ca if the date of closure changes from that stated on the application.
- At any time during the work, the City Traffic Management Inspector, at his/her discretion, may require the contractor to supply and install additional traffic control devices (signs, barrels etc) and/or retain point duty police to control traffic. The contractor is responsible for all costs.

Rob MacLachlan

For Contractor

Program Manager, Right of Way
