

Mayor Lowry, councillors Dalgity, Ferguson, Guerard, Holmes and Mayden.
It is my intention to run for Deputy Mayor for Mississippi Mills.

First of all I want to say thank you for this opportunity.
I am excited about, and grateful for, the possibility to once again represent my community.
I am genuinely excited about the possibilities ahead .
We have become a township that is looked at and studied to be modeled after.
I want to continue to help maintain that status.

In the eight years I was involved as a councillor I brought with me experience
gained from 30 years of business with Bell Canada including 15 years in management
and 36 years as an active member of this community.

As well as representing Mississippi in Council, I have played both major and supportive roles
at the local Canadian Legion, Clayton Community Centre, local Little League and C.A.R.E.
I have also made made positive contributions to our local Curling Club, Fitness Centre and
the Scottish Glen Golf Club.

As most of you are aware, I ran for Mayor in the last election. In hindsight perhaps I wasn't
ready. When I didn't win I was not so much dissappointed that I wouldn't be Mayor, I was
more dissappointed that I would no longer be involved. This, very sad situation, affords
me a second chance. John Levi clearly represented the voice of Mississippi Mills residents
and I would welcome the chance to do the same. From my observations to date, Christa Lowry
is doing an admiral job. As Deputy Mayor I would assist her and all councillors in achieving
greatness for Mississippi Mills.

I care about my community and I care about the people that live here.
I enjoy being part of building consensus, problem solving and conflict resolution.
I believe the people of Mississippi Mills believe they live in a great community.
I want to be part of keeping that belief alive.

Thank you for this opportunity.
I am ready to be your Deputy Mayor

A handwritten signature in black ink that reads "Paul Watters". The signature is written in a cursive style with a long horizontal flourish extending to the right.

Paul Watters
