

# COMMUNITY IMPACT GRANT

Mississippi  
Mills

## Form D: ECONOMIC IMPACT

### APPLICANT

The Impact Stream supports projects and events that create meaningful economic benefits for the municipality through both direct impacts—like job creation, vendor spending, and tourism—and indirect impacts, such as increased visibility for local businesses and long-term community growth. Partnerships with local organizations are strongly encouraged, along with efforts to encourage attendees to explore and spend within the community beyond the event itself.

---

### DEMONSTRATED ECONOMIC IMPACT (HISTORIC)

Has your organization or project contributed to local economic development in the past? If yes, please describe how. (Examples: job creation, increased tourism, support for local businesses, vendor spending, etc.)

To the best of your ability please estimate the economic impact of your previous events or initiatives. (You may include attendance numbers, spending estimates, partnerships with local businesses, etc.)

---

### PREDICTED ECONOMIC IMPACT (THIS YEAR)

How will this year's project or event contribute to the local economy? (Examples: attracting visitors, hiring staff, engaging vendors, promoting local artists or businesses.)

To the best of your ability please estimate the number of attendees, participants, or visitors expected and any projected spending or revenue.

---

### COMMUNITY PARTNERSHIPS AND COLABORATION

Do you plan to collaborate with local businesses, tourism partners, or economic development organizations? If yes, please describe the nature of the collaboration.

How will these partnerships strengthen your project and benefit the broader community? (Examples: shared resources, cross-promotion, expanded reach, increased impact.)
