Mississippi Mills 2048

Our Community, Our Future

The Transportation Master Plan is Complete!

How we got here

- ➔ In 2022, municipal staff hired Parsons Inc. to complete a study on the Municipality's current transportation infrastructure and to create a plan on how to improve existing conditions and prepare for the future.
- ➔ Parsons completed the work in November 2024 and the final report and Transportation Master Plan (TMP) was accepted by Council on November 19, 2024.

What's next for the Municipality?

- ➔ Incorporating recommended capital projects into the 2025 Development Charges Background Study.
- ➔ Implementation of recommended policies from the TMP into Community Official Plan (road classes, active transportation, update terminology) and operations.
- ➔ Left hand turn lane additions to Almonte Street at Christian Street intersection.
- ➔ Participate in Lanark County TMP.
