**K. ADJOURNMENT**

**The Corporation of the Municipality of Mississippi Mills**

**COMMUNITY POLICING ADVISORY COMMITTEE  
MINUTES**

A meeting of the Community Policing Advisory Committee was held on Tuesday, March 26, 2019 at 9:30 a.m. in the Council Chambers, Municipal Offices.

**Present:** Mayor Christa Lowry  
Councillor Denzil Ferguson  
Councillor Jan Maydan  
Neil MacLeod  
Tess Powter  
Inspector Derek Needham, Lanark County OPP Detachment

**Staff:** Shawna Stone, Acting CAO  
Susie Smithson, Recording Secretary

**Regrets:** Grant Chaplin

---

Acting CAO called the meeting to order at 9:31 a.m.

**A. APPROVAL OF AGENDA**

**Moved by Councillor Jan Maydan  
Seconded by Councillor Denzil Ferguson  
THAT the agenda be accepted as presented.**

**CARRIED**

THEREOF**

None were declared.

**C. ELECTION OF OFFICERS**

Acting CAO called for nominations for the position of Chair.

**Moved by Neil MacLeod  
Seconded by Councillor Jan Maydan  
THAT Mayor Christa Lowry be appointed Chair for 2019.**

**CARRIED**

The meeting was turned over to the Chair who called for the nominations for Vice-Chair and Secretary.

**Moved by Councillor Denzil Ferguson**  
**Seconded by Councillor Jan Maydan**  
**THAT** Grant Chaplin be appointed Vice-Chairperson for 2019.

**CARRIED**

**Moved by Neil MacLeod**  
**Seconded by Tess Powter**  
**THAT** Susie Smithson is appointed Secretary for 2019.

**CARRIED**

**D. DELEGATIONS/PRESENTATIONS/TOURS**

None

**E. APPROVAL OF MINUTES FROM PREVIOUS MEETING(S)**

**Moved by Neil MacLeod**  
**Seconded Councillor Denzil Ferguson**  
**THAT** the minutes dated September 18, 2018 be approved as presented.

**CARRIED**

**F. BUSINESS ARISING OUT OF MINUTES**

1. Update Task Chart

Task #1 – no updates

Task #2 - include Annual Report to Council by Chair for April/May 2019

**G. ROUND TABLE**

- Councillor Ferguson - speeding a concern, consider investing in a second speed spy for the Municipality.
- Neil MacLeod - Stephanie Gray will be giving an update on the Situation Table at County Council; notified members of Bill 68 changes and what it could mean for CPAC.

**H. REPORTS**

Inspector Needham reviewed the reports and addressed questions from the members.

- Concerns with cannabis edibles due to the delay of the effects and driving

- Q4 stats show an increase in Trouble with Youth – Inspector Needham to provide a map showing problem areas
- Assaults are up across the County
- Criminal record checks require two fulltime OPP staff members to process – there have been discussions to charge volunteers for processing the record checks to recoup some of the cost but it would deter people from volunteering
- Two SIU investigations – one closed, other on-going
- Highway 7 correspondence provided by the MTO shows that the snow fence installed westbound past Carleton Place has had a positive impact on reducing accidents in that area. There is no current timeline for the report from MTO due to the wide scope of issues to be reviewed.
- The addition of the mental health nurse provided by funding from the Proceeds of Crime Grant has been a huge success with 191 contacts in the first 5 months

Reports received for information.

#### **I. INFORMATION/CORRESPONDENCE**

1. OPP Weekly News Releases January 21 – March 4, 2019

Received for information.

2. OAPSB Zone 2 Minutes - dated November 30, 2018

Received for information.

#### **J. OTHER/NEWBUSINESS**

1. YTD Financial Report

- 2019 Budget has not yet been approved

2. Rail Trail Snowmobile Traffic Data

- Raw data from the OPP and Mississippi Mills Speed Spy to be analysed with help from the OPP. A stats report to be compiled of the OVRT data and published when it becomes available.
- The Speed Spy radar requires interpretation to exclude false errors due to radio frequency interference and different size vehicles.
- The OPP SAVE unit issued no tickets in the urban boundaries of Almonte for speeding.
- Darren McRae of the Snowmobile/ATV club to be invited to a future CPAC meeting to discuss any issues on the trail and what is being done to educate the public on the rules and regulations.

**K. MEETING ANNOUNCEMENTS**

- Community Policing Advisory Committee
  - Tuesday, June 11<sup>th</sup>, 2019 at 9:30 am
  - Tuesday, September 3<sup>rd</sup>, 2019 at 9:30 am

## **LANARK COUNTY OPP DETACHMENT WEEKLY NEWS**

**(LANARK COUNTY, ON)** – Between Monday March 4, 2019 and Monday March 11, 2019 officers from the Lanark County Detachment of the Ontario Provincial Police (OPP) responded to 349 calls for service.

The calls included:

### **Motor Vehicle Collisions**

Total: 21                      Including:

Car / Deer: 5

Parking Lots: 2

Single Motor Vehicle off Road (“in ditch”): 5

### **Impaired Drivers**

On March 6, 2019 Lesley CONNOLLY, age 53, of Tay Valley Township was charged with Operation while impaired on Highway 7 in Drummond-North Elmsley Township following a traffic stop. CONNOLLY was released on a Promise to appear and is scheduled to appear in the Ontario Court of Justice in Perth on April 1, 2019.

On March 6, 2019 Nicholas MOULTON, age 22, of Lanark Highlands Township was charged with Operation while impaired following a collision on Highway 511 in Tay Valley Township. MOULTON was released on a Promise to appear and is scheduled to appear in the Ontario Court of Justice in Perth on April 15, 2019

On March 8, 2019 Mary MORNEAU, age 57, of Beckwith Township was charged with Operation while impaired on Ashton Station Road in Beckwith Township as the result of a traffic stop. MORNEAU was released on a Promise to appear and is scheduled to appear in the Ontario Court of Justice in Perth on April 15, 2019.

### **Domestic Incidents**

During the week of March 4, 2019 the Lanark County OPP investigated six domestic disputes

### **Thefts**

On March 4, 2019 the Lanark County OPP was notified of the theft of an All-Terrain Vehicle (ATV) and trailer from Loon Lane in Drummond-North Elmsley Township. The ATV and trailer were stolen while the owner was ice fishing.

On March 9, 2019 the Lanark County OPP investigated a theft from a vehicle at the Beckwith Recreation Complex. A purse containing money and gift cards was stolen after the window of the vehicle was smashed.

### **Mischiefs**

On March 4 and again on March 9 the Lanark County OPP received complaints of mailboxes being damaged in Tay Valley Township

### **Frauds**

Ten (10) reports of fraud, including telephone and internet scams

### **Liquor Licence Act Charges**

On March 4, 2019 a 63yr old male was arrested for being intoxicated in public in Carleton Place.

On March 10, 2019 a 30yr old female was arrested for being intoxicated in public in Perth.

### **CRIME STOPPERS**

Any person with information regarding any criminal activity should immediately contact the Ontario Provincial Police at 1-888-310-1122. Should you wish to remain anonymous, you may call Lanark county Crime Stoppers at 1-800-222-8477 (TIPS), where you may be eligible to receive a cash reward of up to \$2,000.00.

## **LANARK COUNTY OPP DETACHMENT WEEKLY NEWS**

**(LANARK COUNTY, ON)** – Between Monday March 11, 2019 and Monday March 18, 2019 officers from the Lanark County Detachment of the Ontario Provincial Police (OPP) responded to 363 calls for service.

The calls included:

### **Motor Vehicle Collisions**

Total: 15                      Including:

Car / Deer: 2

Parking Lots: 0

Single Motor Vehicle off Road (“in ditch”): 4

### **Impaired Drivers**

On March 11, 2019 Alexander KEON, 27 years old, of Ottawa, was charged with Operation while impaired as the result of a traffic stop on Highway 7 in Drummond-North Elmsley Township. KEON was released on a Promise to appear and he is scheduled to appear in the Ontario Court of Justice in Perth on April 1, 2019.

On March 16, 2019 Scot HALLADAY, 56 years old, of Chelmsford, was charged with Operation while impaired after being stopped at a RIDE program on Rideau Ferry Road in Drummond-North Elmsley Township. HALLADAY was released on a Promise to appear and is scheduled to appear in the Ontario Court of Justice in Perth on April 1, 2019

### **Domestic Incidents**

On March 17, 2019 a 48 year old woman from Beckwith Township was charged with one count of spousal assault.

### **Thefts**

On March 12, 2019 Richard HALLADAY, 59 years old, of South Elmsley Township was charged with Theft Under \$5000 and Failing to comply with probation as the result of a shoplifting complaint in the Town of Perth. HALLADAY was released on a Promise to appear and is scheduled to appear in the Ontario Court of Justice in Perth on April 8, 2019.

On March 12, 2019 Kelly Anne DELORME, 33 years old, of Carleton Place was charged with Theft under \$5000 as the result of a shoplifting complaint in the Town of Carleton Place. DELORME was released on an Appearance Notice and is scheduled to appear in the Ontario Court of Justice in Perth on April 29, 2019

Officers of the Lanark County OPP also investigated 11 other reports of various thefts.

### **Mischiefs**

Lanark County OPP officers investigated three mischief incidents.

### **Frauds**

Officers investigated five fraud occurrences this week, including both online and phone scams

The Lanark County OPP encourages anyone who feels they may be the target of a scam, or if you know of someone who has, to contact your local police and/or the Canadian Anti-Fraud Centre at 1-888-495-8501

### **Liquor Licence Act Charges**

On March 17, 2019 a 22 year old Carleton Place man was charged with having an open alcohol container in a vehicle

### **CRIME STOPPERS**

Any person with information regarding any criminal activity should immediately contact the Ontario Provincial Police at 1-888-310-1122. Should you wish to remain anonymous, you may call Lanark county Crime Stoppers at 1-800-222-8477 (TIPS), where you may be eligible to receive a cash reward of up to \$2,000.00.

## **LANARK COUNTY OPP DETACHMENT WEEKLY NEWS**

**(LANARK COUNTY, ON)** – Between Monday March 18, 2019 and Monday March 25, 2019 officers from the Lanark County Detachment of the Ontario Provincial Police (OPP) responded to 372 calls for service.

The calls included:

### **Motor Vehicle Collisions**

Total: 31                      Including:

Car / Deer: 4

Parking Lots: 9

Single Motor Vehicle off Road (“in ditch”): 6

### **Impaired Drivers**

On March 23, 2019 Travis LEESON, 29 years old, of Smiths Falls, was charged with operation while impaired following a traffic stop on Highway 7 in the Municipality of Mississippi Mills. LEESON was released on a Promise to appear and is scheduled to appear in the Ontario Court of Justice in Perth on April 29, 2019

### **Domestic Incidents**

On March 22, 2019 a 44 year old Beckwith Township man was arrested and charged with one count of spousal assault and three counts of failing to comply with a probation order.

Lanark County officers also investigated seven non-criminal domestic disputes.

### **Thefts**

On March 18, 2019 a shoplifting complaint in the Town of Perth led to the arrest of two males Jemal GUGBERIDZE, 26 years of age, and Malkhazi KHUTSISVHILI, 32 years of age, both of North York, were each charged with one count of Theft under \$5000. Both men were released on a Promise to appear and are scheduled to appear in the Ontario Court of Justice in Perth on April 22, 2019

On March 21, 2019 a black and yellow dump trailer was stolen from a business on March Road outside of Almonte.

Lanark County officers investigated 11 other reports of thefts across the county

### **Mischiefs**

Lanark County OPP officers investigated two mischief incidents.

### **Frauds**

On March 21, 2019 Lorraine CUSSON, 50 years of age, of Perth was charged with eight counts of fraudulently obtaining food by false pretence. CUSSON was held for a bail hearing on March 22, 2019.

Officers investigated 11 other complaints of fraud.

The Lanark County OPP encourages anyone who feels they may be the target of a scam, or if you know of someone who has, to contact your local police and/or the Canadian Anti-Fraud Centre at 1-888-495-8501

### **CRIME STOPPERS**

Any person with information regarding any criminal activity should immediately contact the Ontario Provincial Police at 1-888-310-1122. Should you wish to remain anonymous, you may call Lanark county Crime Stoppers at 1-800-222-8477 (TIPS), where you may be eligible to receive a cash reward of up to \$2,000.00.

# FROM/DE: Lanark County Detachment            DATE: April 29, 2019

## LANARK COUNTY OPP DETACHMENT WEEKLY NEWS April 15-22, 2019

(LANARK COUNTY, ON) – Between Monday, April 15, 2019 and Monday, April 22, 2019 officers from the Lanark County Detachment of the Ontario Provincial Police (OPP) responded to 387 calls for service.

The calls included:

Motor Vehicle Collisions

Total: 29                      Including:

Car / Deer: 6

Parking Lots: 5

Single Motor Vehicle off Road ("in ditch"): 5

On April 22, 2019, officers from the Carleton Place OPP were dispatched to an address on Park Avenue in Carleton Place regarding a vehicle which had collided with the residence and then drove off. The driver, Connor ARSENAULT, 19 years of age, of Drummond-North Elmsley Township was arrested and charged with the following offences: Dangerous Operation, Operation While Impaired, Operation Over 80, Obstruct Police and Fail to Stop After an Accident. He was released from custody on a Promise to Appear with a scheduled court date in Perth on May 27, 2019. There were no injuries to anyone in the residence.

Lanark County OPP wishes to remind people of the dangers of flooded roads; people should not try to pass over roadways which are flooded as the road integrity is unknown and the depth of the water as well can be deceiving as several drivers found out in Mississippi Mills Township on April 15, 2019 when their vehicles became submerged. Thankfully, both drivers exited their vehicles without injury.

### Impaired Drivers – 2

On April 21, 2019 around 2:30 a.m., a traffic stop was conducted by a Lanark County OPP Officer after observing erratic driving. The subsequent stop and investigation resulted in the arrest of Joshua GREEN, 37 years of age, of Oakville, Ontario for impaired operation and Over 80. He was released on a Promise to Appear with a scheduled court appearance in Perth on June 24, 2019.

### Domestic Incidents – 14

An 18 year old male from Lanark Highlands Township was arrested and charged with two counts of intimidation on April 15, 2019, resulting from a verbal altercation with his common-law spouse at a local restaurant parking lot. The male cannot be identified to protect the victim but he was released from custody on a Promise to Appear with a scheduled court appearance in Perth on May 6, 2019.

### Break and Enters - 3

Thefts - 8

Mischiefs - 4

Frauds - 7

Liquor Licence Act Charges - 1

Mental Health - 4

### CRIME STOPPERS

Any person with information regarding any criminal activity should immediately contact the Ontario Provincial Police at 1-888-310-1122. Should you wish to remain anonymous, you may call Lanark county Crime Stoppers at 1-800-222-8477 (TIPS), where you may be eligible to receive a cash reward of up to \$2,000.00.

## **LANARK COUNTY OPP DETACHMENT WEEKLY NEWS**

**(LANARK COUNTY, ON)** – Between Monday, April 22, 2019 and Monday, April 29, 2019 officers from the Lanark County Detachment of the Ontario Provincial Police (OPP) responded to 419 calls for service.

The calls included:

### **Motor Vehicle Collisions**

Total: 35 Including:

Car / Deer: 14

Parking Lots: 6

Single Motor Vehicle off Road (“in ditch”): 3

On April 22, 2019 at 09:30 a.m., Officers from the Lanark County OPP were dispatched to a collision in the Town of Perth involving a transport truck and a smaller vehicle. The transport driver, Peter PASCHALIS, 60 years of age from Longueuil, Quebec was charged with Start from Stopped Position Not in Safety after his vehicle rolled backwards at an intersection.

### **Impaired Drivers – 2**

A 17 year old male resident of Perth has been charged with Operation While Impaired and Operation over 80 after being involved in a vehicle collision in the Town of Perth on April 25, 2019 around 11:30 p.m. The male youth who cannot be identified under the Youth Criminal Justice Act was charged by the Lanark County OPP and released from custody on a Promise to Appear at a schedule court date in Perth on May 22, 2019.

### **Domestic Incidents – 8**

On April 23, 2019, Officers from the Lanark County OPP were dispatched to an address in Lanark Highlands Township regarding a domestic disturbance around 6:30 p.m. The investigation resulted in a 33 year old male resident of the home being arrested and charged with two counts of Fail to Comply with Probation Order, Assault, Mischief and Utter Threats to Damage Property. The male, who cannot be identified in order to protect the victim, was held for a bail hearing on April 24, 2019.

### **Break and Enters - 2**

## **Thefts - 8**

## **Mischiefs – 3**

Officers from the Carleton Place OPP were advised of a mischief which took place at a bank on Bridge Street in Carleton Place overnight April 23-24, 2019, in which the front door glass was smashed. Anyone with information is asked to call the Carleton Place OPP Detachment or Crime Stoppers.

## **Frauds - 6**

## **Liquor Licence Act Charges – 1**

After receiving a traffic complaint shortly after 11:00 p.m. on April 27, 2019, Lanark County OPP officers located and stopped the vehicle in question. The 25 year old driver from Blackstock, Ontario was charged with Drive Vehicle with Cannabis Readily Available. Two 18 year old passengers were also charged with underage drinking and possession of cannabis. All three persons were issued tickets for the offences.

## **Mental Health - 10**

## **CRIME STOPPERS**

Any person with information regarding any criminal activity should immediately contact the Ontario Provincial Police at 1-888-310-1122. Should you wish to remain anonymous, you may call Lanark county Crime Stoppers at 1-800-222-8477 (TIPS), where you may be eligible to receive a cash reward of up to \$2,000.00.

## **LANARK COUNTY OPP DETACHMENT WEEKLY NEWS**

**(LANARK COUNTY, ON)** – Between Monday, May 6, 2019 and Monday, May 13, 2019 officers from the Lanark County Detachment of the Ontario Provincial Police (OPP) responded to 497 calls for service.

The calls included:

### **Motor Vehicle Collisions**

Total: 22                      Including:

Car / Deer: 7

Parking Lots: 3

Single Motor Vehicle off Road ("in ditch"): 3

### **Impaired Drivers – 0**

### **Domestic Incidents – 3**

A 28 year old male resident of Carleton Place, Ontario has been arrested and charged by the Carleton Place OPP after a domestic incident on May 8, 2019 around 5:30 p.m. The male who cannot be identified in order to protect the victim was charged with two counts of Assault, Assault with a Weapon, Uttering Threats to Cause Death or Bodily Harm and Mischief. The male was released on a Promise to Appear with Undertaking and has a scheduled court date in Perth on June 17, 2019. The female victim sustained minor injuries.

### **Break and Enters – 1**

### **Thefts – 13**

On May 11, 2019 at 11:00 p.m., after witnessing a male attempting to enter several vehicles on Miguel Street in Carleton Place, Ontario, a concerned citizen called the Carleton Place OPP who attended to deal with the matter. Ryan SINNICKS, 19 years of age of Carleton Place, Ontario was located, arrested and charged with four counts each of Theft Under \$5000.00 and Trespass by Night. He was later released from custody on a Promise to Appear with Undertaking. A court date has been scheduled in Perth for June 10, 2019.

Officers from Carleton Place OPP received a call regarding a vehicle fire on Graham Road in Ashton Station, Ontario on May 6, 2019 around 6:30 p.m. No one was in the

vehicle but four males were seen in the vicinity. Police investigation showed the vehicle to have been stolen out of Quebec on May 4, 2019.

Anyone with information regarding this theft and mischief is asked to contact the Carleton Place OPP or Crime Stoppers.

### **Mischiefs – 3**

Damage was sustained to the prisoner box at the Perth Courthouse on May 6, 2019 and several OPP Special Constables received minor injuries after a prisoner became upset while in the courtroom. Officers from the Lanark County OPP Detachment were called to assist with the male prisoner. Roger BOYER, 38 years of age was charged with Mischief, Assault with a Weapon and Assault Police. He remains in custody pending a scheduled court appearance in Perth on June 3, 2019.

### **Frauds – 4**

Lanark County OPP wish to remind community members about fraudulent phone and or email encounters. No legitimate business or government agency will ask you to purchase iTunes or GOOGLE gift cards as payment. Also, no legitimate bank, financial institution or credit card company will call you to advise of suspicious activity on your account and then “deposit” funds in your account for you to withdrawal. Never allow anyone remote access to your computer or electronic devices.

### **Liquor Licence Act Charges – 3**

At 1:00 a.m. on May 11, 2019, Officers from the Lanark County OPP attended an address on County Road 511 in Tay Valley Township regarding a fight with multiple persons. The subsequent investigation resulted in the arrest and charge of Dylan ADRAIN, 19 years of age of Westport, Ontario for Being Intoxicated in a Public Place. He was held in custody until sober and released with a Provincial Offence Notice.

### **Mental Health - 4**

### **CRIME STOPPERS**

## **LANARK COUNTY OPP DETACHMENT WEEKLY NEWS**

**(LANARK COUNTY, ON)** – Between Monday, May 20 and Monday, May 27, 2019 officers from the Lanark County Detachment of the Ontario Provincial Police (OPP) responded to 425 calls for service.

The calls included:

### **Motor Vehicle Collisions**

Total: 30                      Including:

Car / Deer: 9

Parking Lots: 7

Single Motor Vehicle off Road (“in ditch”): 5

### **Impaired Drivers – 3**

A routine traffic stop of a dump truck regarding driving behaviour resulted in an impaired charge for Robert THOMPSON, age 51 years, of Beckwith Township at 3:00 p.m. on May 20, 2019. The driver was issued an Appearance Notice for a scheduled court date on June 11, 2019 in Perth.

Shortly before 2:30 a.m. on May 23, 2019, officers from the Lanark County OPP stopped a vehicle while on general patrol in the Town of Perth. The subsequent investigation resulted in Perth resident, John FUOCO, age 55 years, being arrested and charged with impaired driving. The accused was released from custody on a Promise to Appear in Perth court on June 24, 2019.

Officers from the Lanark County OPP were called to a residence in the Town of Perth regarding a vehicle which had been driven onto a neighbour’s lawn. The resulting investigation led to the arrest and charge for impaired driving of Don WATTS, age 51 years of Perth, Ontario. The accused was released on a Promise to Appear in Perth court on June 10, 2019 to answer the charge.

### **Domestic Incidents – 18 (no charges laid)**

#### **Break and Enters – 2**

A residential shed within the Town of Perth was broken into and various tools and alcohol stolen between May 19-20, 2019. Anyone with information is asked to contact the Lanark County OPP.

Around 2:00 a.m. on May 25, 2019, an unknown male was observed at a water access cottage in Lanark Highlands Township. Fishing rods and alcohol were stolen. Anyone with information is asked to contact the Lanark County OPP.

### **Thefts – 8**

Carleton Place OPP received a call regarding tools being stolen from a vehicle over the Victoria Day weekend May 17-21, 2019 within the Town of Carleton Place. Anyone with information is asked to contact the Lanark County / Carleton Place OPP.

### **Mischiefs – 3**

### **Frauds – 4**

Lanark County OPP wish to remind community members when selling items online that if a prospective buyer sends you a bank draft/money order for more money than what you are selling the item for will often be a clue the transaction is fraudulent. Further, if you are told to cash the draft/money order and give the “excess” cash to whomever picks up the item that should be a red flag also the transaction is fraudulent and the money order/bank draft is most likely not legitimate.

### **Liquor Licence Act Charges - 0**

### **Mental Health - 7**

## **CRIME STOPPERS**

Any person with information regarding any criminal activity should immediately contact the Ontario Provincial Police at 1-888-310-1122. Should you wish to remain anonymous, you may call Lanark County Crime Stoppers at 1-800-222-8477 (TIPS), where you may be eligible to receive a cash reward of up to \$2,000.

**2. Chair's Welcome and Opening Remarks**

Chairperson Fennell introduced himself and welcomed everyone to Carleton Place. He then thanked the Carleton Place Police Services Board (PSB) for hosting the meeting and noted the number of new members in the room as a result of the recent municipal elections in the fall of 2018. He then thanked Pascal Meunier for his work in organizing the meeting.

Doug Black, Carleton Place Mayor was then introduced and provided greetings and welcome on behalf of his Council. He spoke of the importance of police particularly in the event of an emergency and of the growth occurring in Carleton Place. He also reinforced the importance of cooperation which is occurring in Lanark County between municipalities. Chairperson Fennell thanked Mayor Black for his comments.

**3. Approval of Agenda**

**Moved by Mike Payette, Cornwall**

**Seconded by Denzil Ferguson, Mississippi Mills**

**THAT the agenda be accepted as amended with the addition of a discussion regarding a donation to the OAPSB Annual Conference and by altering the order of delegations.**

**CARRIED**

**4. Approval of Minutes**

**Moved by Harry Baker, Beckwith**

**Seconded by Toby Randell, Carleton Place**

**THAT the minutes of the OAPSB Zone 2 Fall Meeting held in Belleville on Friday, November 30, 2018 be approved as circulated and read.**

**CARRIED**

**5. Business Arising from the Minutes**

None

**6. Delegations**

**a. David Somppi, Chair, Planet Youth Steering Group Lanark County  
Re: Planet Youth Lanark County – an innovative community-based strategy based on an Icelandic model to address drug abuse issues**

Mr. Somppi provided a thorough presentation on the Icelandic Model to address drug abuse issues which included the following information:

- Prevention of substance abuse has been identified as a national priority of Canada's Public Health Officer Dr. Tam. In her recent report, the Icelandic Model was identified as a successful intervention
- The Icelandic Model is an evidence-based practice based on a survey of Grade 10 students. If you learn from the survey, you can strengthen the protective factors and reduce the risk factors. It is the community that then decides what it wants to do based on a report prepared on the survey results
- Explained how and why the program was used in Iceland
- The surveys are conducted annually to determine the impact of local activities arising from the survey results
- Planet Youth endorsed Lanark County using its branding and are looking at us to bring this model to Canada as a pilot project. Waterloo and Stratford are also looking at this model
- Reviewed the Planet Youth Lanark County's (PYLC) strategic objectives which include delegating survey results to local Municipal Drug Strategy (MDS) Committees or a Committee of Council where no MDS Committee exists, engage school boards to conduct the surveys and raise funds to pay for the diagnostic tool
- PYLC is mentioned in Lanark County's Community Safety and Well-Being Plan

Chairperson Fennell thanked Mr. Somppi for his presentation once all questions had been addressed.

**b. Inspector Derek Needham, Lanark County OPP Detachment  
Re: Community Safety and Well-Being Plan model with particular attention to the Situation Table component and the Mental Health**

## **Nurse/Police Officer teamwork strategy when attending calls for service where a mental health issue is suspected**

Inspector Needham gave a presentation on Lanark County's Community Safety and Well-Being Plan (CSWBP). He introduced Stephanie Gray, Lanark County's Situation Table Coordinator. The presentation included information on the following:

- The CSWBP was a collaborative response which had early beginnings as a result of a LEAD Team which was a partnership of first responders
- He reviewed the intended goals and benefits which included decriminalizing mental illness, quality of police officer intervention, reducing injury incidents to police and individuals and cost effectiveness
- A Proceeds of Crime Grant was applied for to pay for the Lanark County Situation Table (LCST) Coordinator Position which was received in 2015.
- There are 24 agencies participating in the LCST
- They use a risk-tracking database to track statistics and risk factors. Mental health, additions and criminal involvement are the highest risks
- He reviewed statistics of the program to date, the program's early successes, benefits to officers, risks to the program
- Lanark County recently hired a community registered mental health nurse to work with Lanark County OPP for a 2-year assignment. The position is paid for through a Proceeds of Crime grant. A second nurse position was added with some funding through the Champlain Local Health Integration Network with a goal to add a third nurse position in the future. The goal of these nurses is to connect people with mental health services at first contact with the police.
- Reviewed content of CSWBP including the 12 priority areas. The plan will be revisited in 3 years
- Advised that 6 of 9 municipalities in Lanark County have adopted the CSWBP for Lanark County and Smiths Falls as their plan

After all questions had been addressed, Chairperson Fennell thanked Inspector Needham for his presentation.

Chair Fennell recessed for a short break.

### **c. Senator Vern White**

#### **Re: Speaking on his considerable experience in both policing and the political arena in a number of subject areas**

Senator Vern White started by reviewing his background both personal and with respect to his career. He provided comments on the following:

- Leadership in policing – PSBs have to hire people who can deal with the changing landscape in policing today and have the courage to take chances
- Mental health and drug addiction as the two greatest challenges facing policing today. He suggested using trained mental health workers to assist police with these issues rather than training police officers

- Recruiting in police – officers should be representative of the communities they serve. Raise people to the bar rather than lowering expectations
- Youth drug treatment centre in Ottawa and his role in achieving this goal
- How it takes a whole organization to make change and not just an individual

After all questions had been addressed, Chairperson Fennell thanked Senator White for his presentation.

## **7. Secretary-Treasurer's Report**

### **a. Financial Report**

The Treasurer provided a summary of the financial statement indicating a bank balance of \$5,156.91 to April 25, 2019. She circulated a copy of the financial statement outlining the revenues and expenses that had transpired since the last report.

**Moved by Diane Smithson, Carleton Place**

**Seconded by Grant Chaplin, Mississippi Mills**

**THAT the financial report to April 25, 2019 showing a bank balance of \$5,156.91 be approved as presented by the Secretary-Treasurer.**

**CARRIED**

### **b. Correspondence**

The Secretary advised that there was no correspondence to report on.

## **8. Updates**

### **a. David Tilley, Police Services Advisor, Ministry of the Solicitor General**

Mr. Tilley provided information on the following issues:

- Recent change in Ministry's name from the Ministry of Community Safety and Correctional Services to Ministry of the Solicitor General
- Comprehensive Ontario Police Services Act 2019 received Royal Assent on March 26, 2019 – it repeals and replaces Bill 175 which was introduced by the previous government. The Bill includes the Community Safety and Policing Act 2019 which would replace the Police Services Act 1990 when it is proclaimed into force. The legislation impacts:
  - Oversight agencies – The Special Investigations Unit, Office of Independent Police Review Director will become the Law Enforcement Complaints Agency (LECA)
  - Board Governance – members will be required to undergo training; creation of OPP Detachment Boards
- There is no schedule for the Community Safety Policing Act to come into force. The Act will bring significant changes. He will continue to provide updates as they become available

- There are potentially more than 80 regulations some of which are complete while others are in draft
- A number of supports are available through the Ministry to assist with the development of CSWBPs
- Provincial Board appointments are being reviewed by the Minister's Office. If you are interested in being reappointed, the Minister's Office will be in contact
- Grants – a broad review is being undertaken to ensure long-term sustainability. An All Chiefs Memo went out to all Chiefs/Municipalities announcing the new Community Safety and Policing Grant which will begin in 2019-20 and transforms a number of existing programs into one. It will be a three (3) year funding cycle instead of applying annually
- Ministry Inspection Cycle – 44 of 48 municipal services have been completed (7 out of 8 in Eastern Region completed with Ottawa being completed this June). OPP East will be done as part of the wider OPP inspection likely in the fall. They are currently reviewing major case management.

As there were no questions of Mr. Tilley, Chairperson Fennell thanked Mr. Tilley for his presentation.

#### **b. King Yee, OAPSB Zone 2 Director**

Mr. Yee advised that he attended his last OAPSB Bard meeting in February. He reviewed the following items:

- They are continuing with their objectives of advising on the new Act / Regulations and competency requirements of Boards, education and training
- Member input is included in feedback to the government on the Act/Regulations
- Performance standards for Boards
- Resources / Database for negotiations – consolidation of information

### **9. Membership Input**

1. King Yee commented on the good attendance at the OAPSB Zone 2 meetings lately. He thanked Chair Neil Fennell and Diane Smithson, Secretary-Treasurer for their work.

### **10. New Business**

- a. Letter from Mr. Don Sherritt, Chair, North Grenville Police Services Board requesting input from the OAPSB Zone 2 with respect to Bill 68, Comprehensive Ontario Police Services Act 2019.

Mr. Sherritt advised that a great deal of his Board's communication is now redundant. He explained the rationale for the letter and the letter to the OAPSB. The regulations will define how Boards will be put into place. The letter from the Mayor to the Ministry is intended to influence the Ministry to be proactive rather than waiting to release information on Board composition.

In the past, Section 10 Boards have had a silent voice and the letter is intended to share ideas. He advised that Bill 68 encompasses many good aspects and they want to understand what is being considered.

Ideas suggested included:

- Essentially the same principles as were applied to municipal amalgamations should be applied to Section 10 Detachment Boards i.e. composition and size, representation, how budget established and shared, how legal liabilities would be shared, etc.
- there should be consistency in the ratio between Council/Provincial and community representatives on the Board
- Section 31 Board sizes and composition should be applied to Section 67 Boards i.e. 5, 7, 9 members
- Establish criteria where more than one board per Detachment would be permitted i.e. the OPP Detachment contains 5 or more municipalities, the Board would represent more than 35% of the population, if an existing Section 10 Board has 5 members, etc.

The North Grenville letter will be shared with the Zone through the Secretary. It provides a template that each Board may want to consider and to determine their own stand on the suggestions provided. It was also suggested that this matter needs to be a priority of the OAPSB Board of Directors.

Chair Fennell thanked Mr. Sherritt for his comments.

- b. Consideration of contributing to the OAPSB Annual Conference scheduled for May 22-25, 2019 in Windsor (Note: In the past a contribution of \$1,000 has been made).

**Moved by John Gemmell, Perth**  
**Seconded by Grant Chaplin, Mississippi Mill**  
**THAT a contribution of \$1,000 be made to the OAPSB Annual Conference being held in Windsor from May 22-25, 2019.**

**CARRIED**

## **11. Election / Nomination of Officers**

Chairperson Fennell turned the meeting over to David Tilley, MSG to assist with the elections.

### **a. Chairperson**

David Tilley called for nominations for the position of Chairperson.

**Moved by King Yee, Brockville**  
**Seconded by Dell Bower, Merrickville-Wolford**

**THAT Neil Fennell be nominated for the position of Chairperson for a one-year term.**

**CARRIED**

Neil Fennell accepted the nomination. As there were no other nominations, Neil Fennell was declared the Chairperson.

**b. Vice-Chairperson**

David Tilley called for nominations for the position of Vice-Chairperson.

**Moved by Tom Bird, Lanark Highland**

**Seconded by Ken Clupp, Montague**

**THAT Andrea Blaustein be nominated for the position of Vice-Chairperson for a one-year term.**

**CARRIED**

Andrea Blaustein accepted the nomination. As there were no other nominations, Andrea Blaustein was declared the Vice-Chairperson.

**c. Director (Nomination to OAPSB)**

David Tilley called for nominations for the position of OAPSB Director.

**Moved by Neil Fennell, Tay Valley**

**Seconded by Andrea Blaustein, Ottawa**

**THAT King Yee be nominated as the Director to represent Zone 2 on the OAPSB.**

**CARRIED**

Chairperson Fennell thanked Mr. O'Neill for his interest.

King Yee accepted the nomination. The Secretary will advise the OAPSB of Mr. Yee's nomination by Zone 2.

**d. Secretary-Treasurer**

David Tilley called for nominations for the position of Secretary-Treasurer.

**Moved by Denzil Ferguson, Mississippi Mills**

**Seconded by Toby Randell, Carleton Place**

**THAT Diane Smithson be nominated for the position of Secretary-Treasurer for a one-year term.**

**CARRIED**

Diane Smithson accepted the nomination. As there were no other nominations, Diane Smithson was declared the Secretary-Treasurer.

**12. Next Meeting Dates and Locations**

Thursday, September 19<sup>th</sup> and Friday, September 20, 2019 – Prince Edward  
County  
Friday, November 29, 2019 in Gananoque

**13. Adjournment**

**Moved by Andrea Blaustein, Ottawa**  
**Seconded by Theresa Fritz, Carleton Place**  
**THAT the meeting be adjourned at 12:37 p.m.**

**CARRIED**

---

Neil Fennell, Chairperson

---

Diane Smithson, Recording Secretary

# LANARK COUNTY SITUATION TABLE PROJECT

## *ANNUAL REPORT*

### *2018*

*Report by Stephanie Gray  
Coordinator  
Lanark County Situation Table  
Community Plan for Safety and Well-being  
[LanarkCST@gmail.com](mailto:LanarkCST@gmail.com) \* 613-812-3778*

## EXECUTIVE SUMMARY

In 2018, the Lanark County Situation Table Project continued its excellent record of collaboration by maintaining situation table operations and finalizing a Community Plan for Safety and Well-being for Lanark County and Smiths Falls. This is a continuation of the project's main objectives since it began in September 2015 as it continues to be guided by a risk-intervention model that aims to foster a healthy and safe community and reduce crisis.

There are currently 24 local front-line, human-service agencies actively participating at the situation table, with others serving in an ad hoc capacity. The group meets twice per month with an ad hoc provision when necessary. Referrals to the table that meet the threshold of acutely elevated risk proceed to an intervention with appropriate agencies, all managed in a privacy-protective process. No personal information is collected or maintained by the situation table, but a de-identified Risk-Driven Tracking Database supported by the Ministry of Community Safety and Correctional Services allows for the tracking of general demographics, risk factors, study flags, involved agencies and services mobilized.

In 2018, 55 discussions were held, with 47 meeting the threshold of acutely elevated risk. Of those, 85% had overall risk lowered. Since inception to the end of 2018, 196 referrals have been made, with 79% meeting the threshold and, of those, 85% had overall risk lowered. Police services (Lanark County OPP and Smiths Falls Police Service) continue to bring the most referrals to the table (51%). At the intervention stage, Lanark County Mental Health, North Lanark Health Link-Champlain LHIN and Lanark County Victim Services were involved most often as lead agencies. These agencies, as well as Lanark County Social Services, Family and Children's Services and Smiths Falls Police were top in terms of involvement as assisting agencies. Almost every agency represented at the table was involved in at least one discussion and intervention. A new component in the Risk-driven Tracking Database allows for "services mobilized" to also be tracked. Mental health, social services, counselling, medical health and housing were the top services mobilized.

In terms of prevalent risk factors for individual referrals, mental health, substance use, parenting issues, criminal involvement and antisocial/negative behaviour continue to dominate as the top categories in every year. Addressing prevalent community safety and well-being risk priorities is expected to help reduce the frequency of contacts with police and, consequently, criminal involvement risk factors. For both males and females, mental health has consistently been a top risk. In 2018, the age group with the most referrals was 60 and older (31%), followed by 18 to 24 (23% and 12 to 17 (20%). Since inception, youth ages 24 and under have represented the greatest number of referrals. For family referrals from 2015 to 2018, parenting, criminal involvement, mental health, drugs and physical violence represented the top risk categories. There have been 31 discussions in total, and parenting was a risk in 74% of those referrals. A family referral provides for a wraparound approach to help caregivers cope, for example a child with mental health or addiction issues. Top "study flags" for 2018 were recent escalation, risk of losing housing/unsafe living conditions, homelessness, domestic violence and transportation issues.

Lanark County OPP continues to track the number of calls for service for individuals referred by them pre- and post-referral to the situation table. Since inception they have seen a drop of 83% in calls for those individuals, representing connections to services that are more appropriate to meet their needs. An analysis of officer hours for the first 10 subjects referred by Lanark OPP shows a continued trend in the reduction of time spent with those individuals post-referral over a 14-month period. While it varies for individuals, the average is 24.75 hours per subject based on 2017 data. This does not include time savings for court officer, administration personnel or court officers. Emergency room data from the Perth & Smiths Falls District Hospital showed a reduction in visits by individuals connected to the hospital through a situation table intervention, which results in savings and improved connections to appropriate services.

In 2018, the process to complete a Community Plan for Safety and Well-being for Lanark County and Smiths Falls was completed. The multi-sector advisory committee identified 12 priority risk areas (mental health, substance use, poverty, housing, transportation, health and well-being, domestic violence and sexual assault, youth and families, seniors, justice, Indigenous health and well-being, and culture and diversity) and developed strategies, outcomes and measurables for each. The development of the plan began as a community endeavour and was adopted by the advisory committee in July 2018. It has since been mandated by the province that municipalities are required to develop a plan by January 1, 2021. This plan meets the provincial requirements and has been presented to each local municipality for consideration and potential approval. Consistent provincial funding through the policing grants with the Ministry of Community Safety and Correctional Services have helped to ensure the coordination of the project since it began and were a key factor in bringing the Community Plan for Safety and Well-being to fruition.

Since inception, this project has been funded through provincial grants. Those programs are currently under review by the new provincial government and other funding sources may have to be considered for the coordination work.

The coordinator is a member of several local committees that play a key role in information sharing and networking and have been valuable in the community safety planning process. The project also allowed for several successful training opportunities in 2018, including Safer Spaces, Trauma-Informed Care and refresher training for table members. The coordinator takes an active role in mentorship and promotion of best practices for other communities and situation table coordinators.

Thank you to the many partners who have contributed to the success of this project that strives to make Lanark County and Smiths Falls a strong and vibrant community.

## INTRODUCTION

Since it began in September 2015, the Lanark County Situation Table Project has had two main objectives: to establish and maintain a situation table and to undertake a community plan for safety and well-being for Lanark County and Smiths Falls. This report will demonstrate excellent progress in both objectives.

The project is based on the philosophy of identifying root causes of crime and social disorder and finding ways to prevent them or mitigate harms. The situation table itself is a risk-intervention tool that has made great strides in mitigating harms, and the community plan for safety and well-being, once implemented, will pursue the prevention piece and work to build on social programs that will strengthen the health and well-being of the community.

The purpose of this document is to provide community partners, police services boards/community policing advisory committees and local municipal councils with an overview of activities in 2018. This report will provide background (including key terminology and an explanation of process), situation table results for the current reporting period and since inception, an overview of the community plan for safety and well-being process and progress, and information about grants and other activities.

This project has been made possible by grants from the Ministry of Community Safety and Correctional Services, contributions from local municipalities and police services boards/community policing advisory committees, and in-kind support. Thanks to the Lanark County OPP and the Perth Police Services Board for taking the lead in establishing this model for Lanark County, to local municipalities for their support of the endeavour, and to the many partner agencies and their representatives who work tirelessly to help vulnerable people throughout Lanark County and Smiths Falls.

### **Background**

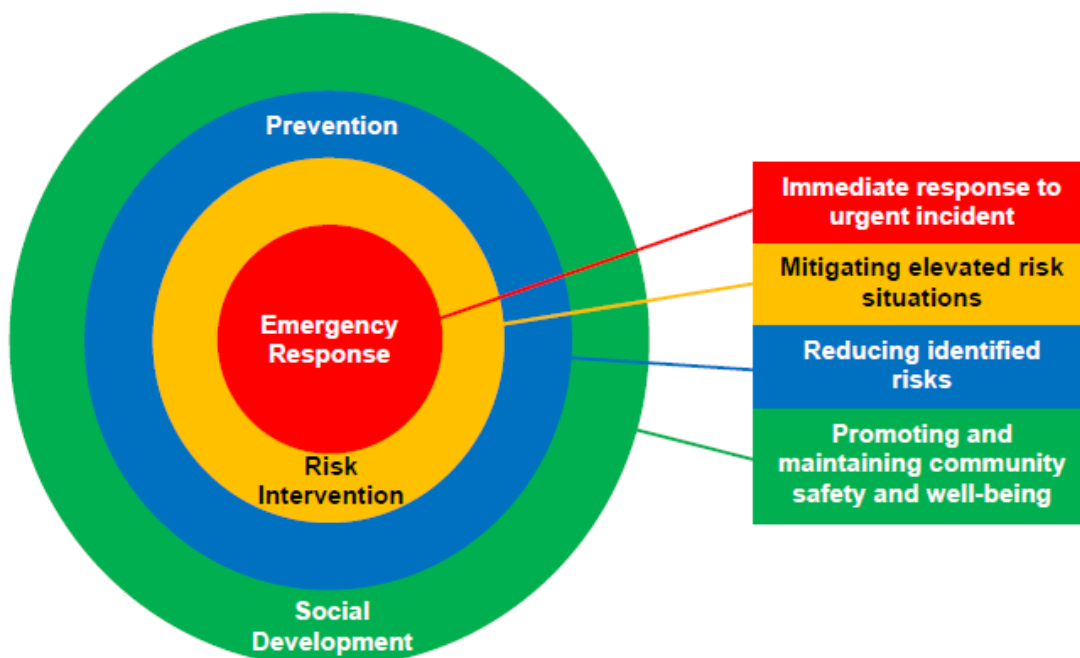

The Lanark County Situation Table is based on a risk-intervention model that was inspired by efforts in Glasgow, Scotland and eventually made its way to Prince Albert, Saskatchewan, where officials sought an innovative way to combat a wave of violent crime. The Ontario Association of Police Services Boards was fortunate to hear presentations by early proponents of the model in 2013, when Karyn McCluskey of the Violence Reduction Unit in Scotland and Detective Chief Superintendent John Carnochan spoke of their experiences with its implementation in Scotland. McCluskey says “crime is a public health issue,” and suggested when a population’s social determinants of health are strong (related to income and income distribution, education, unemployment and job security, employment and working conditions, early childhood development, food insecurity, housing, social exclusion, social safety network, health services, Aboriginal status, gender, race, disability), it can eliminate many of the roots causes of crime. When an individual has the tools to succeed, it leads to better outcomes.

The Perth Police Services Board saw the benefits of this model and incorporated the principles into its 2014-2016 Business Plan, as did the Lanark County OPP for the same cycle. In early 2015, Lanark County OPP Detachment Commander Insp. Derek Needham engaged leadership of several local agencies to determine interest in proceeding with a situation table in Lanark County. Lanark County OPP, the Perth Police Services Board (PSB) and Smiths Falls Police Service partnered to apply for funding through a Proceeds of Crime Front-Line Policing Grant (2015-2016) to launch the project. The grant was approved that August and a part-time coordinator (Stephanie Gray) was hired in September. Throughout the fall, the coordinator worked to establish formal procedures and documents. A training session for front-line representatives of the charter member agencies was conducted by the Community Safety Services sector of the Ministry of Community Safety and Correctional Services in November 2015, and the first situation table meeting was held on Dec. 9, 2015 with 14 agencies represented at the table.

A second successful Proceeds of Crime Grant for 2016-2017 allowed for the continued coordination position and ongoing operation of the situation table, as well as work towards the development of a community plan for safety and well-being and initiatives to help increase awareness of services in the area. In 2017 and 2018, the Town of Perth, through Lanark County OPP, was eligible for a new grant called the Policing Effectiveness and Modernization Grant. Perth Town Council authorized the Perth PSB to use this grant to apply for funds to sustain situation table operations and to continue with the community safety planning process, as well as to provide training opportunities for officers and agencies. The applications were successful both years. As well, the principles of the project continue to be incorporated into the “Lanark County Detachment 2017-2019 Action Plan,” which was adopted by the Perth Police Services Board as its business plan for that period.

Since its inception the situation table has grown to include 24 agencies that actively participate. It meets twice per month and on an ad-hoc basis when needed, and has had, as of December 31, 2018, 196 referrals.

**Risk-Intervention Model**

*Figure 1: A Framework for Planning Community Safety and Well-being*

The figure above demonstrates the philosophy behind the Lanark County Situation Table Project. It aims to work as a community to reduce crisis incidents requiring an emergency response, represented by the red zone. The ideal zone is green, where social development and programs exist that represent the social determinants of health and give a population the tools it needs to succeed. These are protective factors that help promote community safety and well-being, such as financial security/employment, housing and good neighbourhoods, family supports, education, social network support, pro-social/positive behaviour, physical health and mental health. When risk factors are identified that require mitigation, the blue zone and prevention strategies enter the picture. If an individual is vulnerable, lacks protective factors and encounters numerous risks that place him or her at an acutely elevated risk of harm, this represents the yellow zone. This is where a risk-intervention tool such as the situation table comes into play and helps to

mitigate risk so that an emergency response (red zone) is avoided. The community plan for safety and well-being takes all of the zones into account.

## **DISCUSSION**

This section will provide an overview of situation table operations, results for 2018 and since inception, and the effect the situation table has had on police calls for service. It will also outline the community safety planning process and progress, as well as provide information about grants and other activities that have taken place.

### **Lanark County Situation Table Operation**

The situation table brings front-line, acute-care, human-service agencies together to provide wrap-around support for individuals who meet a defined threshold of “acutely elevated risk” (AER). AER means someone is at imminent risk of harming himself/herself or someone else. There are currently representatives from 24 local agencies actively participating at the situation table, with several other agencies serving in an ad hoc capacity. Representatives work in a privacy-protective manner to rapidly connect individuals to appropriate services. Coordination support is provided by the part-time position that has been funded by provincial grants through the Perth Police Services Board. The situation table has been meeting twice monthly since December 9, 2015. It also meets on an ad hoc basis when necessary, and has done so 10 times from inception to the end of 2018. No personal information is collected or retained by the Lanark County Situation Table, but a privacy-protective database allows for de-identified tracking of vulnerable populations and prevalent local risk factors. The situation table has also been an effective medium for representatives to identify systemic gaps, many of which were incorporated into the community plan for safety and well-being process.

The Lanark County Situation Table uses the online Risk-Driven Tracking Database (RTD) through an agreement with and supported by the provincial Ministry of Community Safety and Correctional Services (MCSCS). This allows for nationally comparative data for analysis and uses Microsoft Dynamics CRM 2013. It allows the situation table to track referrals in a de-identified format using a case number, general information about gender and age range, risk factors, study flags, agencies involved (originating and assisting) and services mobilized. No personal information is retained in the database. There are 105 risk factors and 33 study flags included in the database. The risk factors encompass a wide range of categories, such as addictions (alcohol, drugs, gambling), mental health (suicide, self-harm), physical health, criminal involvement, criminal victimization, violence (emotional, physical, sexual), parenting, truancy, basic needs, housing, poverty, antisocial/negative behaviour, gangs, and more. The study flags include such topics as acquired brain injury, disabilities (cognitive, developmental), domestic violence, fire safety, hoarding, homelessness, human trafficking, homicidal ideation, social media, transportation, geographic isolation, and more. Three individuals are licensed and trained by MCSCS to use the RTD for the Lanark County Situation Table (the coordinator and two OPP data analysts who are authorized as data recorders for the meetings). The system includes reporting capabilities to help with trend analysis and community safety planning. Reports are specific to each situation table and the system adheres to strict privacy and security guidelines.

The following agencies are actively represented at the Situation Table as of December 2018:

- Adult Probation and Parole – Ministry of Community Safety and Correctional Services
- Almonte General Hospital
- Carleton Place Memorial District Hospital
- Catholic District School Board of Eastern Ontario
- Cornerstone Landing Youth Services

- Family and Children’s Services of Lanark, Leeds and Grenville
- Lanark County Enhanced Crisis Response
- Lanark County Interval House
- Lanark County Mental Health
- Lanark County Paramedic Services
- Lanark County Social Services (Ontario Works, Social Housing, Children’s Services and Developmental Services)
- Lanark County Victim Services
- Lanark, Leeds, Grenville Addiction and Mental Health
- Leeds, Grenville, Lanark District Health Unit
- Local Health Integration Network – South East – Rideau-Tay Health Links
- Ontario Disability Support Program
- Open Doors for Lanark Children and Youth
- OPP – Lanark County
- Perth and Smiths Falls District Hospital
- RNJ Youth Services
- Smiths Falls Police Service
- Transitional Aged Youth Program
- Upper Canada District School Board
- Western Champlain – North Lanark Health Links (Local Health Integration Network)

Representation at the situation table has been very stable, with numerous individuals consistently attending on behalf of their member agencies. When new members come to the table, one-on-one meetings with the coordinator are available, and online training modules supported by written materials are provided. Individuals can also receive advice and information from their colleagues if, for example, they are replacing someone from their agency who has been attending the table. On Nov. 14, 2018, a refresher training session was held for situation table participants. It was led by Tammi Simcoe and Lisa Longworth of OPP’s Community Safety Services sector and about 25 people participated.

The agencies at the situation table represent a range of human-service sectors and typically have a mandate to provide case management. This may include, for example, counselling for mental health or addictions; support for basic needs, including financial, housing, disabilities or health care; supports related to domestic violence and sexual assault, or programs directed by and through probation. School boards are represented for the early intervention capabilities they inherently have through their daily contact with students who may be at risk, as well as the support systems they have for students. Representatives from participating agencies identify situations involving individuals who are at an **acutely elevated risk** (see definition on next page) of harming themselves or others and refer them to the group for consideration.

The Lanark County Situation Table itself does not conduct case management. Rather, the agencies involved at the intervention stage take on that role as appropriate and with consent. In addition, self-referrals are not accepted; referrals are made through one of the participating agencies. Several agencies that are not full participating members at the situation table, but that may encounter individuals who could be referred, have been made aware of the referral process and are sometimes involved.

Referrals are made by core participating agencies following a **four-filter process** (see below), which helps to determine whether the referral meets the threshold for acutely elevated risk (see below). Guidelines are provided by the Information Privacy Commission of Ontario. If an individual meets the threshold of acutely elevated risk, relevant agencies coordinate a rapid intervention with appropriate supports in an effort to prevent a crisis.

### ***Acutely Elevated Risk***

The Lanark County Situation Table uses the following definition of acutely elevated risk:

*“Acutely elevated risk” is a reference to any situation impinging on individuals, families, groups or places where circumstances indicate an extremely high probability of the occurrence of victimization from crime or social disorder. Left untended, such situations would likely result in serious harm or lead to the situation worsening to the point where a more formal and intrusive intervention is required, such as targeted enforcement and/or other emergency responses.*

*The “acute” nature of these situations is an indicator that threatening circumstances have accumulated to the point where a crisis is imminent, new circumstances have contributed to severely increased chances of victimization, and/or any effort to mitigate victimizations requires a multi-agency response.*

*Objective and standardized criteria for acutely elevated risk do not exist owing to the complexity and uniqueness of each situation. Therefore professionals sitting at the Lanark County Situation Table are required to rely on their combined experience and professional judgment to discriminate whether any given situation merits the designation “acutely elevated risk.”*

### ***Four Filter Process***

The Lanark County Situation Table uses the following procedure to assess referrals.

#### **Filter One: Agency Screening Prior to Introduction to the Situation Table**

- Agency screens a situation and determines the risk factors are beyond its scope/mandate to mitigate the elevated risk and all traditional inter-agency approaches have been excluded for consideration or exhausted.
- Each agency must organize its own screening process.
- As part of this determination, it should be reasonable for the disclosing agency to believe that the individual is at significant risk of serious bodily harm or poses a significant risk of serious bodily harm to others, that the disclosing agency is unable to reduce the risk without disclosing personal information or personal health information, and that disclosing the information to one or more specific agencies will reduce or eliminate the risk posed to, or by, the individual. If possible, the agency obtains consent from the individual to share information.

#### **Filter Two: De-identified Discussion at the Situation Table**

- Agency presents the situation to the Situation Table discussion in a de-identified format.
- A de-identified record is created in the Situation Table database at this point using an anonymous entry number for follow-through with agencies.
- Members collectively decide if it meets the standard of acutely elevated risk factors across a range of service providers before any personal and confidential information is disclosed.

- If it does not meet the threshold, no personal and confidential information is disclosed and no further discussion takes place.
- If the consensus is that sharing information with the situation table is necessary to help prevent harm or inadequate care to an individual or the public, limited disclosure will be permitted.

#### **Filter Three: Limited Identifiable Information Shared**

- If the agencies conclude that the above threshold is met, limited identifying information will be shared, only to the extent necessary to help determine who should continue to be part of the discussion.
- At this point the Situation Table is able to determine which agencies will be required to participate in a full intervention-planning discussion outside of the full table.
- All responsibility for record keeping related to actual case management remains with each agency that has a role. The Situation Table will not generate nor maintain any individualized or identifiable records.

#### **Filter Four: Full In-camera Discussion among Intervening Agencies Only**

- Only identified agencies that have a direct role to play in an intervention will meet separately to discuss limited personal and confidential information that needs to be disclosed in order to inform the plan for addressing the acutely elevated risk factors.
- Discussion is still limited to only the information that is deemed necessary to assess the situation and to develop and implement an effective strategy to reduce or eliminate the risk, and each recipient agency should have the authority to collect the information.
- Sharing of information at this level proceeds within the allowances for care and for individual and community safety that apply to each profession.
- In all cases, obtaining consent to provide multi-sector services, and to permit any further sharing of personal and confidential information in support of such services, will be the first priority of the combined agencies responding to the situation.

#### **Follow Up**

At subsequent meetings of the situation table, the lead agency at filter four reports back to the group regarding the conclusion of the intervention, for example, whether risk was lowered because an individual was connected to services or whether there is still acutely elevated risk and further intervention needs to occur.

The following section provides detailed statistics from 2018, as well as comparisons with previous years.

#### **Lanark County Situation Table Statistics**

##### **Demographics**

In 2018, 55 discussions were held. Of the 47 that proceeded, 74% were logged as individuals, 23% were families and 2% (one discussion) was classified as “dwelling.”

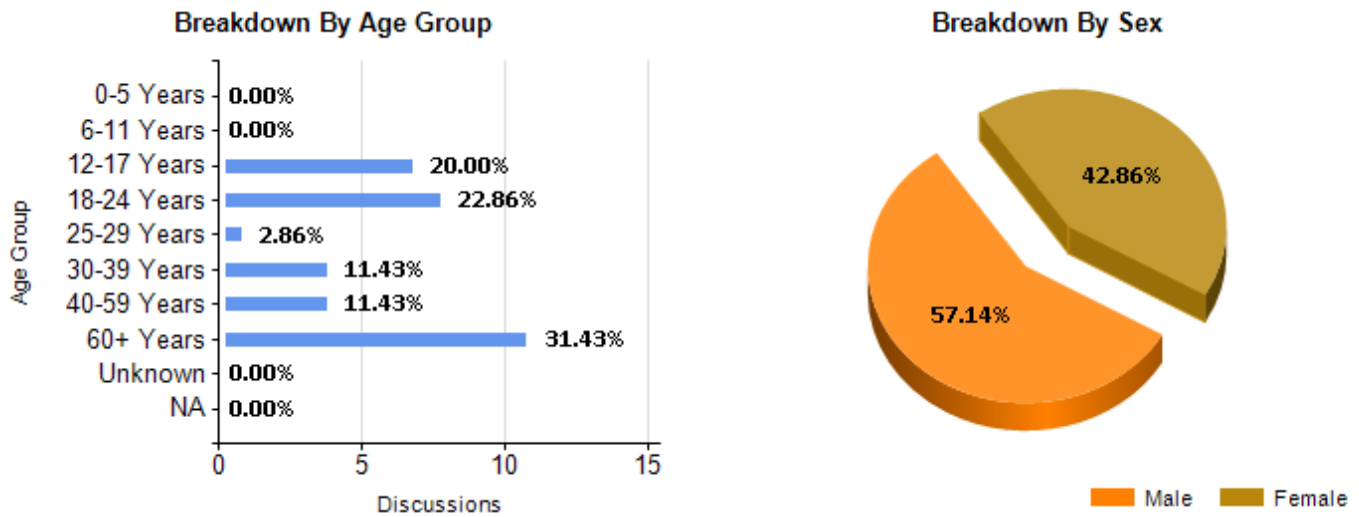

Figure 2 Demographics - 2018

**NOTE:** Data that appear in the “Breakdown by Age Group” and “Breakdown by Sex” graphs are only associated with discussions where Discussion Type is identified as “Person.”

The charts below represent the total from inception Dec. 9, 2015 to Dec. 31, 2018.

Figure 3 Demographics - Dec. 9, 2015-Dec. 31, 2018

Males continue to have a slightly higher representation in terms of referrals to the situation table (approximately 60/40 split consistently). Since inception, 48% of discussions have involved individuals from birth to age 24; in 2018 this number dropped to 43%. There was a spike in referrals of individuals over age 60 in 2018. Information about the “dwelling” referral and risks associated with males and females in different age categories is included later in this report.

The following chart shows Vulnerable Age Groups by Year from inception to the end of 2018. The first year represents only the month of December, which is when the situation table began. Data for the first month of 2019 is also represented in this chart.

Vulnerable Age Group By Year

Discussion by Age Group

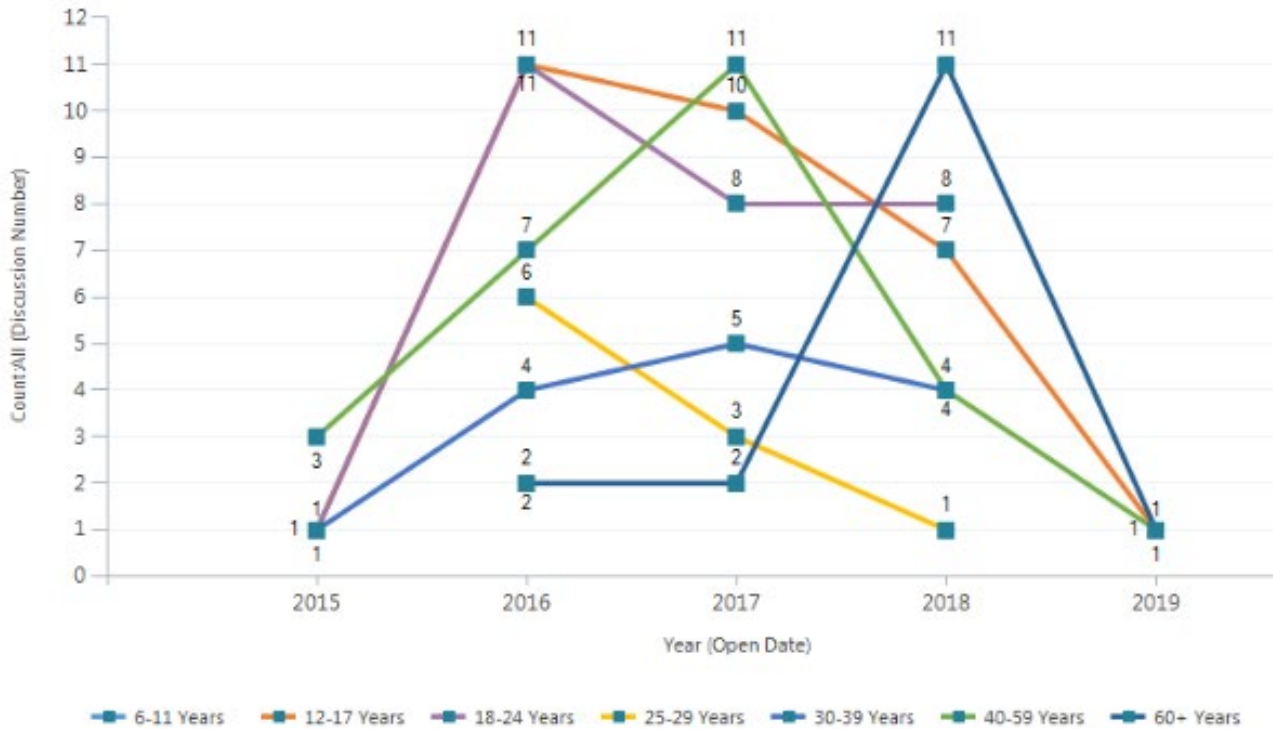

Figure 4 Vulnerable Age Group by Year 1

The following chart shows the total number of discussions held each year since inception. The figure for 2015 represents only a one-month period since the first situation table meeting was held in December 2015. The decline in discussions each year may be attributed to agencies improving their screening of acutely elevated risk prior to bringing a situation to the table, as well as improved understanding of available services in the community leading to individuals being connected to services prior to being referred to the situation table. A factor for 2018 may be the inception of the mental health nurse program at the Lanark County OPP Detachment, which may be allowing for interventions prior to individuals being referred to the situation table. These are factors that are not currently being tracked; a more formal tracking mechanism is being considered.

### Total Number of Discussions by Year

All Discussions in 5 years

Figure 5 Total Number of Discussions by Year

### **Conclusion Reasons**

Of the 55 discussions held in 2018, eight were rejected. Reasons were that three were already connected to appropriate services with the potential to mitigate the risk, in three cases the originator had not exhausted all options to address the issue, and two were connected to appropriate personal supports with potential to mitigate the risk.

The conclusions for 53 of the 55 discussions in 2018, including the 47 referrals that proceeded, are shown below. Two were still open at the start of the new year.

Conclusion Grouping	# of Discussions	Percentage
Overall risk lowered	40	75.47%
Rejected	8	15.09%
Still AER	3	5.66%
Other	2	3.77%
<b>Total</b>	<b>53</b>	<b>100.00%</b>

Table 1 Conclusions - 2018

Of the 47 referrals that had overall risk lowered, 37 were connected to services and one was connected to personal supports. One was resolved through no action of the situation table and one was connected to services in another

jurisdiction. In the “other” category for conclusions, one individual had relocated and the other could not be located. Three referrals that were concluded as “still at acutely elevated risk” refused services or were uncooperative. This means 85% had overall risk lowered.

From inception to Dec. 31, 2018, there were 196 referrals to the situation table. Of those, 155 (79%) met the threshold of acutely elevated risk and 131 (85%) subsequently had overall risk lowered. Occasionally a discussion will be re-opened if acutely elevated risk is identified again later. Sometimes persisting risk factors are involved or a new risk factor has been introduced. Reopenings can also be due to an individual not being located the first time, but connected to services after a second referral.

### **Agency Involvement**

In 2018, almost every agency represented at the situation table was involved with a discussion that proceeded to the intervention stage as either an originating, lead or assisting agency. Not surprisingly, police services continue to be the top originating agencies for referrals to the table. In 2018, 51% of the referrals came from OPP (18 referrals) and Smiths Falls Police Services (10 referrals). The next highest referrers were North Lanark Health Link-Champlain LHIN (seven), Adult Probation and Parole (five) and Family and Children’s Services (four). Police involvement at the intervention stage tends to drop significantly once appropriate services are engaged unless there is a safety concern involved or an officer has a good rapport with the individual/family that can help to establish contact. In 2018, Lanark County OPP led one intervention and assisted with 11. Smiths Falls Police assisted with 12.

Lanark County Mental Health took the lead in nine of the 47 discussions that proceeded to intervention, followed by North Lanark Health Link-Champlain LHIN (seven), Victim Services (five) and Adult Probation and Parole (four). These agencies, along with Lanark County Social Services, Family and Children’s Services, the Upper Canada District School Board, Lanark Leeds Grenville Addictions and Mental Health, and Open Doors for Lanark Children and Youth had the most involvement as assisting agencies. Almost every agency represented at the table was involved in at least one discussion and intervention.

The charts below show overall agency engagement for 2018 and since inception (respectively) in the originating, lead and assisting categories.

### All Agencies (All table types) Engaged in Discussions

Figure 6 Agency Engagement 2018

### All Agencies (All table types) Engaged in Discussions

Figure 7 Agency Engagement 2015-2018

Since inception, Lanark County Mental Health, along with Victim Services of Lanark County, have consistently been lead agencies in interventions. This is not surprising given that mental health has been the top risk category each year since 2016. Risk factors are examined in greater detail later in this report.

The following chart shows the participating and ad hoc agencies and the primary sector category to which they belong.

PRIMARY SECTOR	AGENCIES
Child and Youth Services	<ul style="list-style-type: none"> <li>• Cornerstone Landing Youth Services</li> <li>• Family and Children’s Services of Lanark Leeds and Grenville</li> <li>• Open Doors for Lanark Children and Youth</li> <li>• RNJ Youth Services</li> <li>• Transitional Aged Youth Program</li> <li>• Youth Justice Services – Ministry of Children and Youth Services – Lanark County</li> </ul>
Community and Social Services	<ul style="list-style-type: none"> <li>• Lanark Community Programs (ad hoc)</li> <li>• Lanark County Social Services (Ontario Works, Social Housing, Children’s Services, Developmental Services)</li> <li>• Ontario Disability Support Program – Ministry of Community and Social Services – Lanark County</li> </ul>
Education	<ul style="list-style-type: none"> <li>• Catholic District School Board of Eastern Ontario</li> <li>• Upper Canada District School Board</li> </ul>
Health	<ul style="list-style-type: none"> <li>• Almonte General Hospital</li> <li>• Brockville Mental Health Centre – ACTT Dual Diagnosis (ad hoc)</li> <li>• Brockville Mental Health Centre – Forensic (ad hoc)</li> <li>• Carleton Place and District Memorial Hospital</li> <li>• Change Health Care Inc. Justice	<ul style="list-style-type: none"> <li>• Adult Probation and Parole – Ministry of Community Safety and Correctional Services – Lanark County</li> <li>• Lanark County Community Justice Program (ad hoc)</li> <li>• Lanark County Interval House</li> <li>• Ontario Provincial Police – Lanark County</li> <li>• Smiths Falls Police Service</li> <li>• Victim Services of Lanark County</li> </ul>

Table 2 Primary Sector Agencies

## Services Mobilized

The Risk-driven Tracking Database (RTD) system implemented a new “Services Mobilized” section, and the Lanark County Situation Table began tracking that information in late 2017, with 2018 representing the first full year of data. This section includes different categories of services and allows the lead agency to indicate during the report-back

process whether individuals (or others) were engaged, informed of, connected to or refused a service. It also can indicate if a service is not available

For 2018, mental health was the service that was mobilized most often. In all but three, clients were informed of, connected to or engaged with services. Social services, counselling, medical health and housing were next in line.

The chart to the left shows the range of services that were mobilized in 2018.

Figure 8 Services Mobilized Categories, 2018

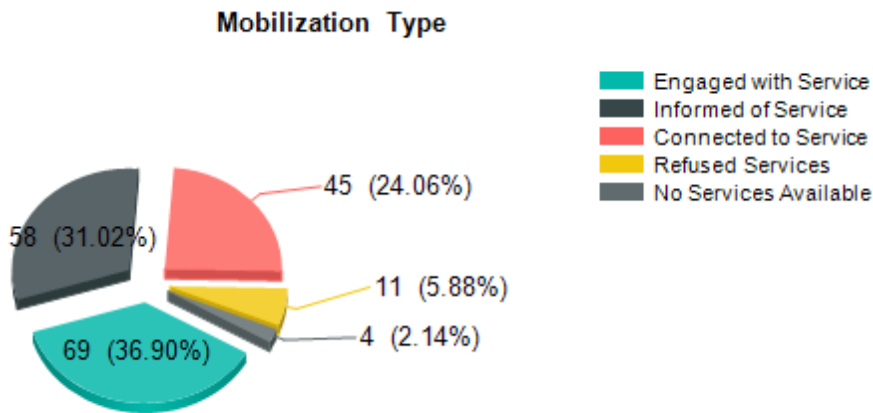

Figure 9 Mobilization Type, 2018

**Risk Factors**

The RTD system places risk information into different groupings. The Ministry of Community Safety and Correctional Services defines risk factors as “negative characteristics and/or conditions present in individuals, families and communities that may increase the presence of crime or fear of crime in a community.” There are 105 risk factors included in the RTD. These fit into 27 categories along with 13 Community Safety and Well-being high-level priorities, which allows for different types of analysis. The next two charts show the top risk categories for discussions that proceeded to an intervention in 2018 and since inception to the end of 2018, respectively. The charts show the number of referrals with the identified risk component grouping and the overall percentage. For example, for 2018, 36 of 47 accepted referrals had a mental health component as a risk factor, which represents 77% of the total.

The charts below show top CSWB Priorities for the 2018 reporting period and since inception.

### Community Safety and Well-Being High Level Risk Priorities

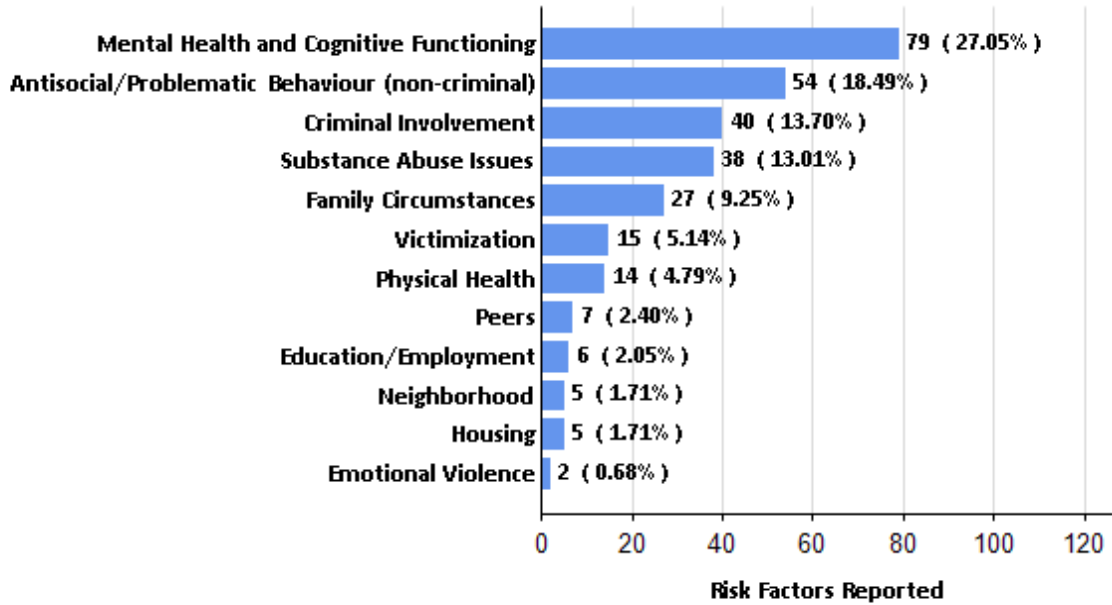

Figure 12 Overall CSWB Risk Priorities, 2018

### Community Safety and Well-Being High Level Risk Priorities

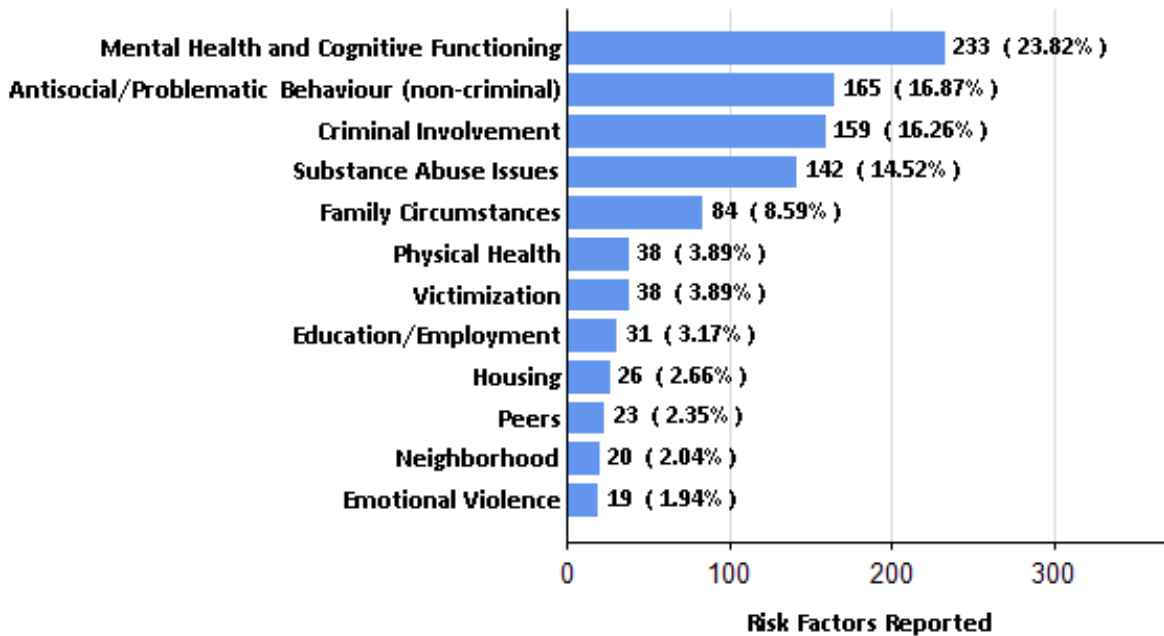

Figure 13 CSWB Risk Priorities, 2015-2018

Below are charts showing an annual comparison of the top five CSWB high-risk priorities, risk categories and risk factors, respectively. The full year data is for 2016 to 2018. The data for 2015 represents only the month of December.

Top CSWB High Level Risk Priorities										
Year	Top 1		Top 2		Top 3		Top 4		Top 5	
2015	Antisocial/Problematic	13	Substance Abuse Issues	9	Family Circumstances	7	Mental Health and Cognitive	7	Criminal Involvement	6
2016	Mental Health and Cognitive Functioning	74	Antisocial/Problematic Behaviour (non-criminal)	61	Substance Abuse Issues	50	Criminal Involvement	49	Family Circumstances	30
2017	Mental Health and Cognitive	73	Criminal Involvement	64	Substance Abuse Issues	45	Antisocial/Problematic	37	Family Circumstances	20
2018	Mental Health and Cognitive Functioning	79	Antisocial/Problematic Behaviour (non-criminal)	54	Criminal Involvement	40	Substance Abuse Issues	38	Family Circumstances	27

Top Risk Categories										
Year	Top 1		Top 2		Top 3		Top 4		Top 5	
2015	Alcohol	7	Parenting	6	Criminal Involvement	6	Antisocial/Negative Behaviour	5	Mental Health	5
2016	Criminal Involvement	49	Mental Health	46	Parenting	28	Antisocial/Negative Behaviour	26	Drugs	25
2017	Criminal Involvement	64	Mental Health	53	Drugs	26	Alcohol	19	Antisocial/Negative Behaviour	17
2018	Mental Health	52	Criminal Involvement	40	Drugs	23	Parenting	23	Antisocial/Negative Behaviour	21

Top Risk Factors										
Year	Top 1		Top 2		Top 3		Top 4		Top 5	
2015	Alcohol - alcohol abuse by person	5	Antisocial/Negative Behaviour - antisocial/negative behaviour within the home	4	Basic Needs - person unable to meet own basic needs	4	Parenting - parent-child conflict	4	Mental Health - suspected mental health problem	3
2016	Parenting - parent-child conflict	24	Alcohol - alcohol abuse by person	21	Mental Health - suspected mental health problem	20	Drugs - drug abuse by person	20	Mental Health - diagnosed mental health problem	18
2017	Mental Health - suspected mental health problem	25	Drugs - drug abuse by person	24	Mental Health - diagnosed mental health problem	19	Alcohol - alcohol abuse by person	18	Parenting - parent-child conflict	17
2018	Mental Health - diagnosed mental health problem	26	Parenting - parent-child conflict	20	Drugs - drug abuse by person	19	Antisocial/Negative Behaviour - person exhibiting	13	Alcohol - alcohol abuse by person	12

Fig. 14 Top Five Risk Priorities, Categories and Factors by Year

Without question, the prevalence of mental health as a risk can be found in every year. For each individual discussion, there can be numerous risk factors within a single risk category. For example, an individual who has had repeated and escalating contacts with police may be demonstrating several different criminal involvement risk factors within the single criminal involvement category (e.g. mischief, assault and theft). It is also not surprising that criminal involvement is frequently seen as a risk for two reasons: 1. The police contribute the highest number of referrals to the situation table and this is often because of escalating contacts and 2. The criminal involvement category can include instances when a person is suspected, charged, arrested or convicted of an offence (as opposed to only convicted, for example).

Addressing the prevalent community safety and well-being risk priorities is expected to help reduce the frequency of contacts with police and, consequently, the criminal involvement risk factors.

### **Risk Factors and Demographics**

An analysis of the top CSWB high-level risk priorities and risk categories for males and females of all age groups for 2018 and from inception to Dec. 31 2018 shows that, for both males and females, mental health was at the top risk in both CSWB high-level risk priorities and overall risk factors. For males, antisocial behaviour, criminal involvement, substance abuse and drugs were the other top factors, while for females, antisocial behaviour, substance abuse, drugs, parenting and criminal involvement were top factors.

In 2018, the age group with the most referrals was the 60+ range, at 31%, followed by 18 to 24 years (23%) and 12 to 17 years (20%). There were no referrals of individual children from birth to age 11, although there were 11 family referrals in 2018, which included three children from birth to age five, five children from ages six to 11, nine children from ages 12 to 17, one in the 18 to 24 age group and one age unknown. In 2018, 43% of the individuals referred to the situation table would be categorized as children and youth (under age 24).

For the period from December 2015 to December 2018, the most referrals came from the 12 to 17 age group (24%), followed by 18 to 24 (23%) and 40 to 59 (20%). There were no referrals in the birth to five years range, but youth and children overall represent almost 48%. In that time period there were 31 family referrals, which included seven children ages five and under, 12 children in the six to 11 age range, 15 in the 12 to 17 range and 4 from 18 to 24. Other non-primary caregivers in the family category included three people in the 40 to 59 age range, six who were age 60 or older, and five of unknown age.

In order to look at a larger sample and to attempt to show prevalent risk factor variances between males and females, the next tables compare the top three CSWB High-Level Risk Priorities for males and females in each age group since the inception of the situation table until the end of 2018, as well as the top five risk categories for each. The total number of discussions in each age group is shown. It should be noted that the risk priorities and risk categories encompass a number of sub-categories. For example, the "Mental Health" risk variable can include diagnosed mental health problem, suspected mental health problem, self-reported mental health problem, witnessed traumatic event, mental health problem in the home, grief, and not following prescribed treatment. As such, one person could have more than one mental health risk factor.

Over time with a larger sample, it may be possible to determine trends related to age group and gender and the types of risks encountered in an effort to pinpoint strategies to mitigate those risks at an earlier point through community safety planning.

CSWB HIGH-LEVEL RISK PRIORITIES (TOP 3)								
AGE GROUP	Male # of Disc.	MALE	# of risk factors reported	%	Female # of Disc.	FEMALE	# of risk factors reported	%
0-5	0	n/a			0	n/a		
6-11	2	Antisocial/problematic behaviour – non criminal	2	100	0	n/a	0	0
		Mental health	2	100			0	0
		Criminal involvement	1	50			0	0
		Family circumstances	1	50				
12-17	18	Mental Health	15	83	11	Mental health	9	82

Table 4 Risk Category Comparison - Male/Female

The following tables show the CSWB High-Level Risk Priorities and Risk Categories for families for the 2015-2018 period based on 31 discussions held.

CSWB High Level Risk Priorities	Discussion	Percentage
Family Circumstances	23	74.19%
Antisocial/Problematic Behaviour (non-criminal)	20	64.52%
Criminal Involvement	18	58.06%
Mental Health and Cognitive Functioning	17	54.84%
Substance Abuse Issues	16	51.61%
Education/Employment	9	29.03%
Physical Health	9	29.03%
Victimization	8	25.81%
Emotional Violence	7	22.58%
Housing	7	22.58%
Neighborhood	1	3.23%
Peers	1	3.23%

Table 5 CSWB High-Level Risk Priorities, 2015-2018

Risk Category	Discussion	Percentage
Parenting	23	74.19%
Criminal Involvement	18	58.06%
Mental Health	16	51.61%
Drugs	14	45.16%
Physical Violence	12	38.71%
Suicide	10	32.26%
Basic Needs	9	29.03%
Alcohol	8	25.81%
Antisocial/Negative Behaviour	8	25.81%
Missing School	8	25.81%
Physical Health	8	25.81%
Emotional Violence	7	22.58%
Housing	7	22.58%
Threat to Public Health and Safety	4	12.90%
Crime Victimization	3	9.68%
Self-Harm	2	6.45%
Elderly Abuse	1	3.23%
Gambling	1	3.23%
Missing/Runaway	1	3.23%

Negative Peers	1	3.23%
Poverty	1	3.23%
Sexual Violence	1	3.23%
Unemployment	1	3.23%

Table 6 Risk Categories, 2015-2018

Again, each category and priority represents a range of risk factors that have been identified. Often families are referred when a wraparound approach is needed to help caregivers cope with issues around a child with mental health or addiction issue.

**Study Flags**

The RTD also now offers reports to show the range of study flags associated with discussions. Since inception, the most frequent study flag is, by far, “recent escalation.” This is often how police, as the top referrers, note that a person may be approaching acutely elevated risk. Almost half of the discussions in 2018 included this study flag. “Risk of losing housing/unsafe living conditions” is the next highest study flag, at 14% in 2018 and 12% since inception. The charts below highlight the prevalent flags for 2018 and from inception to Dec. 31, 2018, respectively.

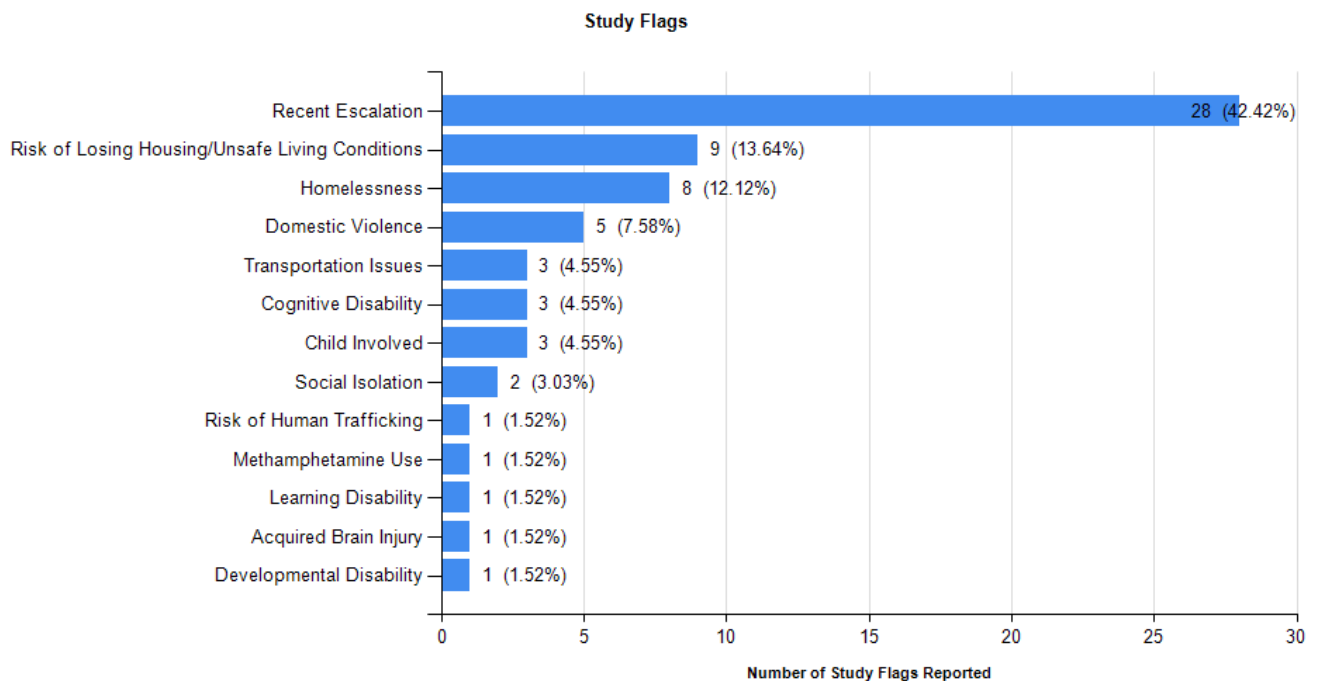

Figure 15 Study Flags, 2018

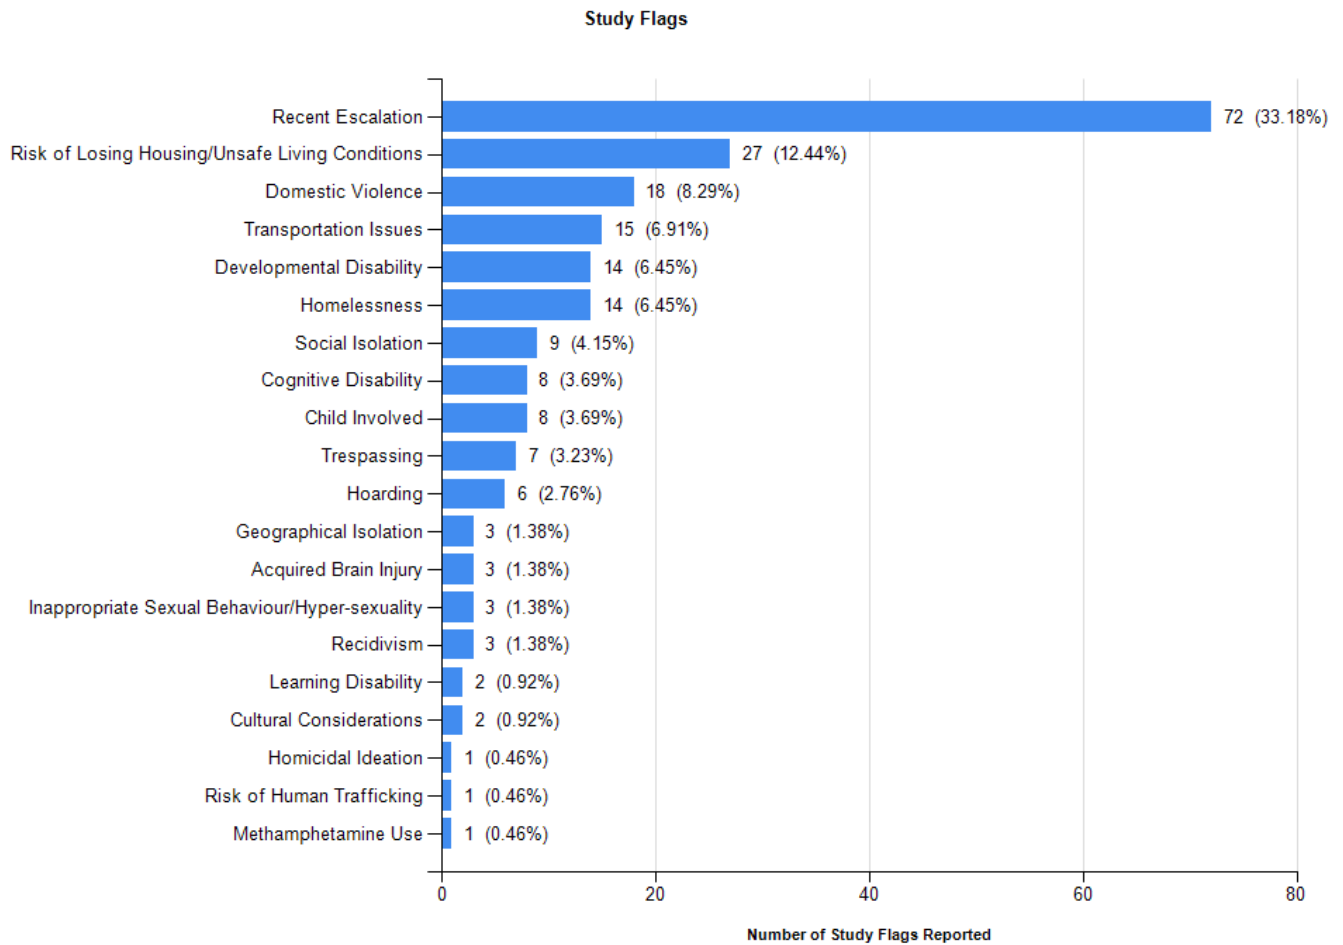

Figure 16: Study Flags, 2015-2018

### **OPP Pre- and Post-Referral Data**

In an effort to evaluate the effectiveness of the situation table on calls for service, Lanark County OPP began an initiative to track the number of calls for service pre-referral and post-referral. This applies only to individuals referred to the situation table by the OPP. From inception to the end of December 2018, OPP have made a total of 76 referrals that were accepted and proceed to the intervention stage. Of those six were individuals who had been referred more than once. Of the 76, there has been a reduction in calls for service in 63 of the referrals (82.9%). A drop in calls for service allows for officers to focus on other priority calls and demonstrates that individuals have been connected to more appropriate services that meet their needs. Ultimately this results in cost savings as the requirement for emergency services personnel is reduced (e.g. police and paramedics).

The timeframe for the number of police contacts for each individual is over a lifetime (which may also represent a short duration of activity), and includes calls for service from other police services. Post-referral contacts are from the date of referral to the end of 2018 for this report. In general, for individuals whose referral proceeded to the intervention stage, a drop in the number of calls is seen; in some cases the drop is dramatic and lasting (e.g. seen in individuals who were referred early on in the situation table's inception). In some cases the number of calls for service rises. This could signal an individual experiencing chronic issues requiring more intensive case management at an agency level.

A more complete analysis with specific parameters was completed by the detachment analyst in an effort to show whether officer hours are being reduced relative to referrals to the situation table. A detailed review of combined data (involving multiple databases and a review of each individual occurrence) for the first 10 subjects referred by Lanark OPP to the situation table shows a continued trend in the reduction of officer hours spent with those individuals post-referral. This is based on interactions for a 14-month period pre- and post-referral. Overall, the number of officer interactions with the subjects decreased by 15%. Computer Aided Dispatch (CAD) data shows a decrease of 22% and there was a 41% reduction in total officer hours dedicated to those 10 individuals. While some individuals have seen a less dramatic decrease based on their individual circumstances, others have seen a significant reduction. Based on the rate of decrease there is an overall average of 24.75 total officer hours reduced per subject. In 2017 Lanark County OPP referred 31 individuals. Using the 24.75 hours average per subject, the OPP realized a 767.25 reduction in officer hours for 2017. If the same formula is applied to 2016, the OPP referred 42 individuals, which results in a 1039.5 total officer hours reduction. This analysis was of front-line officer interactions and does not include court officer, administration personnel or officer court time, but it would be reasonable to assume the actual hours reduced with police interaction would be higher.

This information demonstrates the situation table is a tool for enhancing effectiveness of police services. Referrals by Lanark County OPP to the situation table have, overall, resulted in a reduction in the number of hours officers spend in contact with people who have been referred. This trend has been confirmed by both a detailed analysis of the pre- and post-referral occurrences and by tracking calls for service related to those referred within a specific timeframe. It is one of the targets set out and achieved as part of the Policing Effectiveness and Modernization Grants provided to the project through the Ministry of Community Safety and Correctional Services.

### **Emergency Room Statistics**

The Perth & Smiths Falls District Hospital was able to provide information pertaining to results from five referrals that involved the hospital's two emergency departments. The individuals involved demonstrated risk factors including addictions, mental health, homelessness, general health issues, negative behaviour, self-harm, threat to public safety and being unable to provide basic needs. The impact on the emergency departments involved such issues as frequent presentation, in some cases seeking shelter; aggression and disruptive behaviour that in some cases required chemical and physical restraints; non-compliance; police involvement due to risk; nursing staff overtime; threats made to staff/physicians. Interventions involved such resolutions as securing shelter, connections to outpatient mental health services and social services engaged, school and family situations being more stabilized, and inpatient mental health treatment at another facility. In all five cases, the interventions resulted in zero presentations to emergency in an unspecified period following the intervention.

Although costs are not specified for the presentations to emergency departments, connecting people to more appropriate services logically leads to savings in emergency health care and frees up those resources for other individuals.

### **Community Plan for Safety and Well-being**

There are exciting developments with the community plan for safety and well-being component of the Lanark County Situation Table Project. This component of the overall project also strives to bring multiple human-service sectors

together to collectively identify systemic issues and risk factors that are prevalent locally and to provide a network of support for vulnerable populations in the community in order to prevent crisis situations.

The process to develop the Community Plan for Safety and Well-being for Lanark County and Smiths Falls began in earnest in September 2016. A Community Safety Planning Steering Committee with representation from multiple sectors was established with a mandate to “provide strategic advice and direction in the compilation of the Community Plan for Safety and Well-being for Lanark County and the Town of Smiths Falls.” Membership of the steering committee is outlined below.

SECTOR	ORGANIZATION	REPRESENTATIVE
Justice	Lanark County OPP	Insp. Derek Needham
	Smiths Falls Police Service	D/Ch. Rick Labelle
	Probation and Parole	Jamie Pearson
Community Organizations	United Way	Fraser Scantlebury
	Youth Centres	Jeff Kohl
Health Care	Health Unit	Claire Farella
	Lanark County Mental Health	Diana McDonnell
	LLG Addictions and Mental Health	Shawn Souder
	Rideau-Tay Health Links	Maureen McIntyre
Social Services (including Housing)	Lanark County Social Services	Julie Golding
Victim Services	Lanark County Victim Services	Amber MacDonald
	Lanark County Interval House	Erin Lee
Education	UCDSB	Rob Currier/Don Lewis
Culture	Indigenous	Larry McDermott
Local Government	Lanark County Council	John Fenik
	Plan Coordinator	Stephanie Gray

*Table 7 Steering Committee Members and Sectors*

The initiative was community-driven from the start. The coordinator relied on materials developed by the Ontario Working Group on Collaborative, Risk-driven Community Safety and the Ministry of Community Safety and Correctional Services for guidance in the process.

Throughout 2016 and 2017, information was gathered for the plan through surveys, feedback from agencies through representation at the Lanark County Situation Table, a variety of committees and working groups, focus groups, interviews and statistics. The steering committee used this information to identify community assets and 12 priority risk areas. Issues within each risk area were highlighted, as well as strategies to combat them in the areas of social programming, prevention, risk intervention and emergency response. Outcomes and measurables in each risk area were established. The 12 identified risk areas and associated outcomes are listed in the table below.

<b>OUTCOMES</b>
<b>MENTAL HEALTH</b>
Increased education, awareness and promotion of existing services/programs to reduce specific wait times and after-hours gaps, to clarify pathways of care, to support families with children who have mental illness, and to promote overall good mental health and well-being.
Earlier intervention in mental health crises by having mental health workers as part of emergency response and screening mechanisms for earlier referrals by physicians.
Advocacy for increased funding for areas of rapid growth for mental health sector and greater access to services.
Increased/improved supports for families undergoing custody issues.
Increased awareness, promotion and support of resiliency and mental health in partnership with school boards.
Increased early intervention efforts and longer-term supports with caseworkers related to hoarding to support at-risk individuals.
Increased training completed on trauma-informed care and ASIST.
Continued referrals to situation table and wraparound supports for individuals and families who are at acutely elevated risk
<b>SUBSTANCE USE</b>
Increased education, awareness and promotion of existing services and strategies related to opioids, chronic pain management and harm reduction (for medical community and general public) to increase understanding of harm reduction philosophy and to reduce stigma.
Improved engagement and coordination between LHINs for planning around addictions, mental health and primary care.
Analysis completed of possibilities related to implementing Icelandic model in Lanark County/Smiths Falls.
Increased awareness and promotion of existing programs for addictions and substance abuse, such as Smart Works Program.
Increased withdrawal management/detox services for Lanark County/Smiths Falls.
Increased education around cannabis.
Increased education around calling 9-1-1 in overdose situations coupled with increased calls to 9-1-1.
Expanded drug treatment court program.
Continued expansion of naloxone program and increased awareness.
Inventory of addiction services for youth (within schools and in the community).
Increase in specialized services for addictions that are accessible through schools.
Continued referrals to situation table and wraparound services for individuals and families who are at acutely elevated risk.
Ongoing support for community plan for response to opioid crisis.
<b>POVERTY</b>
Inventory and promotion of services available for low-income individuals and families at risk with gaps identified, as well as greater collaboration between partners to free up resources and improve access.
Increased opportunities to teach community how to grow food and to cook.
Advocacy for improved rural funding models or incentives that address rural concerns and large geographic areas.
Enhanced advocacy for clients navigating systems and improved education for service providers to improve consistency.
Advocacy for modified social assistance rates and lower utility bills.
Advocacy for increased core funding for food banks and core food programs.
Increased programs to help individuals transition out of poverty.
More established affordable and supportive housing opportunities for socioeconomically disadvantaged persons.
Reduced calls and interactions for subsidies

<b>HOUSING</b>
Reduced rates of homelessness in Lanark County/Smiths Falls by working with partners and private sector.
Increased access to supported and affordable housing for vulnerable populations.
Inventory and greater awareness of emergency supports and housing for victims/people in crisis while awaiting longer-term supports.
Advocacy for reduced utility costs and increased awareness of programs for energy efficiency.
Engaged landlords in improving unsafe, substandard housing and improved education on cultural norms.
Early intervention strategies developed to reduce chronic homelessness.
Inventory of needs in vulnerable neighbourhoods to improve wraparound supports.
<b>TRANSPORTATION</b>
Increased awareness of affordable transportation options.
Increased access to affordable transportation.
Established multi-agency rotating clinic to bring services to clients.
Increased wellness clinics, co-located services and home visits for isolated/vulnerable populations.
<b>HEALTH AND WELL-BEING</b>
Increased access to services and supports for vulnerable populations/isolated individuals, including caregivers (e.g. multi-agency rotating clinic, community paramedic program), and earlier intervention mechanisms in place.
Increased supports for individuals with developmental disabilities in crisis situations.
Improved clarity regarding LHIN boundaries and service delivery and improved coordination around planning.
Increased promotion and access to existing programs to reduce social isolation and additional gaps identified.
Improved understanding of and access to services for long-term care residents who are not 65.
Advocacy for improved rural connectivity.
Increased awareness of service and sexual health clinics related to Hep C and HIV.
Increased awareness of available social programs through resource such as 211.
Increased volunteer recruitment and retention to support agencies.
Increased knowledge about benefits and procedures to become a trauma-informed community, leading to greater health and well-being.
<b>DOMESTIC VIOLENCE AND SEXUAL ASSAULT</b>
Create, promote and deliver healthy relationship curriculum and training and educational materials to begin to break intergenerational cycle of violence and consider various opportunities, such as festivals, events, faith groups and related conferences.
Increased awareness of existing programs through justice system for domestic violence victims and identify and remedy gaps in order to improve outcomes.
Increased awareness of early indicators of domestic violence and earlier referrals to supports for victims.
Increased awareness and promotion of existing partner-assault programs/anger management and/or development of programs/campaigns to increase self-referrals by offenders or potential offenders.
Continued domestic violence and trauma-informed care training for relevant agencies and service providers.
Increased knowledge about benefits and procedures to become a trauma-informed community, leading to greater health and well-being.
Increased awareness of issues around male sexual victimization to reduce stigma, and promotion of available services.
<b>YOUTH AND FAMILIES</b>
Increased resources and access to (and/or promotion and education of existing ones) for children's hospital outpatient and addiction services, mental health supports related to gender identity for youth, supports/respite for families with high-needs children (including developmental disabilities), programs for pregnant teens, programs for life skills/employment readiness and needs; supports for victims of bullying and other violence/exploitation, awareness and availability of emergency safe housing.

Increased collaboration and planning related to youth and families to improve funding opportunities, collective impact and earlier crisis intervention.
Increased child advocacy through child protection initiatives related to system training for agencies, support for kin families, court-related prevention measures around custody, development of child advocacy centre.
All community schools kept open or repurposed as community hubs.
Earlier identification of parenting support needs through existing or expanded programs, along with enhanced promotion of existing programs.
Increased sustainability, efficiencies and shared programming for youth centres.
<b>SENIORS</b>
Advocacy and collaboration to address funding issues related to community and primary health care, including increased affordable long-term care beds and supports for seniors.
Increased education around existing programs to reduce social isolation for seniors and enhancements where needed, including caregiver supports and elder abuse prevention initiatives.
Established program of wellness checks for seniors (community paramedicine) and early interventions for vulnerable seniors, including increased input from Geriatric Psychiatry Outreach Program at the Royal Ottawa with respect to community outreach to seniors and long-term care homes.
<b>JUSTICE</b>
Increased education and/or enhancements around programs available to help male offenders who are victims of sexual assault or domestic violence.
Improved program capacity for probation officers to increase access to supports for offenders in discharge planning to improve health and mental health.
Advocacy for Unified Family Court, dedicated Superior Court Judge and improved courthouse facility in Lanark County.
Development of a child advocacy centre in Lanark County.
Improved experiences in justice system for victims of domestic violence and increased education around supports currently available.
Established supports for youths victimized by gang activity.
Established supports for victims of human trafficking.
Improved bail supervision.
Improved awareness of and/or access to appropriate housing for youth released from custody.
<b>INDIGENOUS HEALTH AND WELL-BEING</b>
Increased understanding of shared history between Indigenous people and those who came after.
Completed strategy and work plan to implement Truth and Reconciliation Calls to Action and related protocols guided by the 10 principles of reconciliation.
Increased awareness and promotion of existing supports for Indigenous services, and enhanced supports where necessary.
<b>CULTURE AND DIVERSITY</b>
Increased anti-oppression/anti-racism, stigma/discrimination/anti-bullying activities with agencies and community.
Increased awareness of services available for new Canadians.
Increased awareness and enhancements for gender and sexual diversity supports.
Increased awareness of French language services available.

Table 8 CSWB Plan Outcomes

In March 2018, the provincial government passed amendments to the Police Services Act, which mandated municipalities to prepare and adopt a community plan for safety and well-being. This can be done as a joint plan with surrounding municipalities. The Act came into force as of Jan. 1, 2019 and requires local municipalities to have the plan

adopted two years from that date. A new version of the act was tabled by the new provincial government in February 2019 that retains this CSWB component.

The requirement for municipalities to adopt the plan was unexpected, but Lanark County and Smiths Falls is well on the way to completing this task. It began as a community-driven plan with a regional focus, and thanks to the guidance documents from the Ontario Working Group and the ministry, the efforts of the steering committee aligned with the requirements of the Act with regard to establishing a specific multi-sectoral advisory committee (the steering committee), undertaking particular consultations and identifying priority risks, strategies and measurable outcomes. Regulations related to monitoring, evaluating and reporting the province may be outlined at a later date, but there is a regulation that municipalities that adopt a plan must publish it online within 30 days of adoption and make a printed copy available for viewing. (Check local municipal websites for links to the plan.)

The committee approved the “Community Plan for Safety and Well-being for Lanark County and Smiths Falls” on July 4, 2018. The coordinator presented it to Lanark County Council in August 2018, which approved it in principle on Aug. 29, 2018 with the recommendation that it be taken to all of the local municipalities for adoption following the municipal election in the fall. The coordinator and representatives from Lanark County OPP have been presenting the plan to local municipalities over the winter, with the hope most will have adopted it by Spring 2019, at which point the coordinator and steering committee will begin the work of setting up implementation teams to undertake the actions.

Progress will be reported to municipalities and stakeholders on an annual basis. The entire plan will be revisited in three years with an aim to plan in four-year cycles that align with terms of municipal council. It is a living document and, already, a great deal of good work is happening. The intent of the plan was never to reinvent the wheel, but to build on the tremendous assets that already exist in the community and find solutions where gaps may exist.

### **Grants and Activities**

As previously mentioned, the Lanark County Situation Table Project has been funded by a combination of provincial grants and municipal and in-kind contributions.

**Proceeds of Crime Grant:** The Lanark County Situation Table Project was initially funded by a Proceeds of Crime Front-Line Policing Grant in 2015-2016 (\$59,962) through the Ministry of Community Safety and Correctional Services. The purpose was to launch the situation table itself, undertake necessary training for partners, seek sustainability and take the initial steps toward the development of a community plan for safety and well-being. A second Proceeds of Crime grant funded Phase II of the project (\$59,935), which was to continue the work of the situation table and the community safety plan in 2016-2017. These grants covered the salary of the part-time coordinator position, as well as start-up costs, administration expenses/supplies, communications expenses, training/consultants, mileage, educational advertising, etc. A third Proceeds of Crime grant submitted to support specific initiatives related to vulnerable populations and risk factors identified in the early stages of the community safety planning processes was not successful.

**Policing Effectiveness and Modernization Grant:** For 2017-2018, the Ministry announced it would be starting the process of repurposing funds that had been allocated to different grants, including the Toronto Anti-Violence Intervention Strategy, Provincial Anti-Violence Intervention Strategy, Community Policing Partnerships and Safer Communities – 1,000 Officers Partnership programs. Municipalities that had been receiving or were eligible for them had the option of applying for a new program called the Policing Effectiveness and Modernization Grant, which had an emphasis on community partnerships/collaboration in community safety and well-being. The Town of Perth had been in

receipt of the Community Policing Partnerships grant and, based on a recommendation from the Perth Police Services Board, Council authorized applications for the PEM Grant to sustain the situation table and continue with community safety planning in 2017/2018 and again for 2018/2019. The Board received \$60,000 for both fiscal years to fund the coordinator position, cover project expenses and provide specific training for officers and agencies. It is hoped this new grant will offer consistent funding for the project, although at the time of writing of this report no announcements related to 2019/2020 grant streams had been issued.

**Municipal and In-Kind Contributions:** In 2016 and 2017, several local municipalities generously contributed funds to support situation table operations. These funds were intended to be seed and/or bridge funding between grants as the coordinator worked to secure additional funds. Perth (through the Police Services Board budget), Tay Valley, Montague, Mississippi Mills, Drummond/North Elmsley and Lanark Highlands made contributions. These funds are held in reserve to be used if needed. In addition, Lanark County provides meeting space and IT support as an in-kind contribution, the Town of Perth provides in-kind contract administrative support and Lanark County OPP provides in-kind office space for the coordinator. Depending on the direction taken by the new provincial government, increased support from municipalities and other partners may be sought.

**Activities:** In addition to the regular situation table operations and activities related to the community safety planning process, the coordinator continues to participate in several committees that are relevant to the work outlined in the community plan for safety and well-being, which provides valuable networking and information that supports the plan.

- Lanark County Planning Council for Children, Youth and Families: This group (recently renamed “Lanark County Child and Youth Services Collaborative”) consists of representatives from a wide range of agencies providing services to children, youth and families. It aims to provide “leadership and collaboration to enable optimal development and healthy living for Lanark County children, youth and their families.” It has played a valuable role with advocacy, information sharing, education and professional development. A committee of the council is the Community Issues Committee, which tackles specific issues brought forward through the Lanark County Planning Council. Some examples of activities of this committee have included increasing awareness of Indigenous issues, supporting anti-oppression/anti-racism training, outreach concerning Indigenous youth in care and advocacy around rural school closures.
- Community of Practice and OPP Teleconferences: These are two teleconference groups that focus on situation tables and are made up of practitioners in the field in Ontario to share best practices, resources, issue resolution, etc.
- Child and Youth Advocacy Centre Steering Committee: This is a group of partners that is working together to facilitate the development of a Child and Youth Advocacy Centre for Lanark County and Smiths Falls. The project is directed by Open Doors for Lanark Children and Youth, which received funding from the federal Department of Justice to develop the centre. The coordinator is a member of the steering committee and the sustainability subcommittee for this project. The advocacy centre has been identified as a strategy in the Community Plan for Safety and Well-being.
- Beyond the Forums Working Group: This group was formed following a series of Rural Forums on Domestic Violence after a string of murders in eastern Ontario. It has a wide range of representation, including survivor advocates, municipal politicians, police services, agencies and MPP Randy Hillier and aims to put an end to domestic violence. It has spearheaded the “See It, Name It, Change It” education campaign and is working on various initiatives to improve awareness and system navigation for victims of domestic violence.

- Vital Signs: This is a national program that is locally coordinated by the Perth & District Community Foundation, which released the Lanark County Vital Signs report in 2017 outlining strengths and weaknesses in the community related to quality of life and community well-being. Many of the findings align with the Community Plan for Safety and Well-being. The coordinator participates in the Vital Signs Working Group and a subcommittee for data sharing, which is looking at ways to share high-quality, local data with partners and the public.
- Youth Collective Impact (Lanark Consortium): This group formed to use a collective impact approach to reduce youth homelessness in Lanark County and Smiths Falls and consists of numerous partner agencies.

**Highlights and Success Stories:** The following list includes some highlights of activities in 2018:

- A successful training day was held on Jan. 11 in conjunction with the Community Issues Committee of the Lanark Planning Council called “Safer Spaces,” which focused on LGBTQ2S+ and gender identity. About 40 participants from a wide range of agencies took part in the training, which was facilitated by HARS out of Kingston.
- On April 12 we held a trauma-informed care training session with Dr. Lori Haskell. We had 125 attendees at the Gallipeau Centre, including 30 OPP officers. Feedback was very positive, and it is hoped we can bring Dr. Haskell back for the next stage of training.
- On April 23 the coordinator attended a Community of Practice meeting in Toronto with situation table coordinators from across Ontario, which was very valuable and informative and provided good information to take back to our table.
- The Community Safety Planning Steering Committee met twice in 2018 (Feb. 5 and July 4) and approved the Community Plan for Safety and Well-being for Lanark County and Smiths Falls on July 4, 2018. This led to approval in principle by Lanark County Council on Aug. 29, with the process to seek approval by all local municipal council beginning in December, following municipal elections.
- The coordinator was invited to attend a Perth Courthouse Redevelopment meeting on Oct. 12. Attorney General Caroline Mulroney was in attendance to hear concerns about the current courthouse facility. The coordinator has been asked to participate in subcommittee dedicated to this project going forward, which aligns with actions in the Community Plan for Safety and Well-being.
- On Nov. 2, the coordinator took part in a session related to the United Way of Prescott and Russell, Lanark County and Renfrew County’s Vulnerable Seniors Report, which is leading to a panel discussion and further actions in 2019. This, again, is relevant to the Community Plan for Safety and Well-being.
- An excellent refresher training session by Community Safety Services representatives took place for situation table members on Nov. 14, which has helped to streamline some practices.
- The coordinator was invited to participate in a panel discussion and workshop in Peterborough on Nov. 30 (Peterborough Regional Situation Table Skills Building Forum), providing an opportunity to share the work of the Lanark County Situation Table and the Community Plan for Safety and Well-being.
- The Lanark County Situation Table contributed to the inclusion of four new study flags identified in the Ministry of Community Safety and Correctional Services Risk-driven Tracking Database. These include “Custody Issues/Child Welfare,” “Gender Issues,” “Lack of Supports for Elderly Person(s)” and “Risk of Radicalization.” This will help us track frequency of these flags locally.
- One of our agencies made a referral to the situation table in 2018 for a “dwelling.” It involved a building that was experiencing numerous risk factors around public safety, substance abuse and negative behaviour,

often resulting in contacts with police. Several agencies came together to improve safety and increase education that has led to reported improvements at the site. The involved agencies have been able to mentor other situation table representatives on their approach in this circumstance as a result.

- The Lanark County Situation Table continues to show leadership in mentoring other representatives as they are starting up situation tables or are working through specific issues. There has also been increased interest in contacting us as more communities begin the community safety planning process.

## **CONCLUSION**

The Lanark County Situation Table Project would not be the success it is without the dedication and support of the many community partners that are involved, both as part of the situation table and the Community Safety Plan Advisory Committee. The situation table continues to offer real, immediate support to individuals and families, which can provide long-term benefits.

Almost 200 referrals have been made to the situation table since inception, and for those that met the threshold of acutely elevated risk, 85% had overall risk lowered. Agency involvement at the table continues to be strong. One of the greatest benefits has been the increased sharing of resource knowledge between the agencies, allowing for individuals to be connected quickly to appropriate services. Reducing the frequency of contact with emergency services by connecting them with appropriate services earlier not only benefits the individuals involved, but it increases efficiencies within the system and helps to keep costs down.

The knowledge of prevalent risk factors in the community through the situation table has fed into the community safety planning process. The completion of the Community Plan for Safety and Well-being for Lanark County and Smiths Falls is a highlight for the community. As this living document is implemented over the next few years, strides will be taken towards increased well-being for those who live here.

Thank you to the many partners and participants who have helped to propel the Lanark County Situation Table Project forward in an effort to make life better for the citizens of Lanark County and the Town of Smiths Falls, and to the Ministry of Community Safety and Correctional Services for its ongoing support of this valuable risk-intervention model.

May 01, 2019

Mayor/Reeve and Clerk/CAO/Treasurer,

First, I would like to congratulate all recently elected officials and wish you great success in your new roles.

2018 has been a year of substantial accomplishments such as the transitioning of another two municipalities to the Ontario Provincial Police (OPP), multiple contract renewals, and countless presentations to municipal councils throughout the province. OPP Municipal Policing Bureau staff will strive to make great progress to continue to build municipal relationships through excellent communication, contract and financial management.

As some of you may know, the government appointed Commissioner Thomas Carrique as the 15th OPP Commissioner to lead the police service in its 110 year history. Following the announcement of his appointment, Commissioner Carrique stated he is extremely grateful for and deeply honoured by the confidence placed in him by the provincial government and the Ministry of the Solicitor General to serve alongside the dedicated and professional members of the OPP, in a leadership role. We are all looking forward to strengthen our relationship with the municipalities the OPP polices under Commissioner Carrique's leadership.

The *Comprehensive Ontario Police Services Act, 2019*, received Royal Assent on March 26, 2019. Other than Special Investigation Unit modernization section, all other sections have not yet been proclaimed into force. This act creates the *Community Safety and Policing Act, 2019 (CSPA)*, which will come into force on a date that has not yet been determined by government. Relevant regulations to the CSPA are currently being written. This will eventually lead to the legislation coming into force. When this new legislation comes into force, the current *Police Services Act, 1990, (PSA)* will be repealed. Until then, the PSA remains in force. We will keep you informed on this progression.

Recently, you or staff members of your municipality have been contacted by our members to build awareness of the resources available to you, such as our webpage [www.opp.ca/billingmodel](http://www.opp.ca/billingmodel) materials, and offer to answer any of the questions you may have on the billing model and present to your municipalities, if necessary. Thank you for your feedback.

In an effort to bring our communication to the next level, our bureau announced the implementation of the ePost mailing system. Your municipality will be sent instructions to set-up up to three ePost user accounts (Mayor/ Reeve, CAO/Clerk, PSB Chair (if applicable)) to allow for more efficient and innovative distribution of the annual billing statements and other correspondence. The ePost system is run by Canada Post and is official and legal mail. This system has been operated by Canada Post for 19 years, and has

been adopted throughout the country by numerous municipalities and various pension and pay organizations. The intention is to provide timely and reliable information to our hundreds of municipalities and avoid the unreliable nature of the current mailing system.

I would like to welcome your views or any comments you may have to enhance our communication and invite you to ask questions of myself or any member of the OPP Municipal Policing Bureau through email at [OPP.MunicipalPolicing@opp.ca](mailto:OPP.MunicipalPolicing@opp.ca) or by phone at (705) 329-6200.

Sincerely

A handwritten signature in black ink, appearing to read "Marc Bedard". The signature is fluid and cursive, with the first name "Marc" and last name "Bedard" clearly distinguishable.

M.M. (Marc) Bedard  
Superintendent  
Commander,  
Municipal Policing Bureau

## **LANARK COUNTY OPP LAW ENFORCEMENT TORCH RUN FOR SPECIAL OLYMPICS**

(Town of Perth and Town of Carleton Place, ON) - Officers from the Lanark County Detachment of the Ontario Provincial Police (OPP) will once again be running to support the annual Law Enforcement Torch Run for Special Olympics.

There will be two fund raising "runs" in the county on Thursday, June 6, 2019. The first will be in the Town of Perth starting at the Lanark County OPP Detachment at 9:00 a.m. and travelling down Wilson and Gore Streets ending at Town Hall.

The second is in the Town of Carleton Place starting at the Carleton Place OPP Detachment at 11:00 a.m. and travelling down Lansdowne Avenue and Bridge Street to the Town Hall and returning to the detachment.

Participants of this run will be asking members of the public if they would like to place a donation in the collection buckets. All proceeds will go towards the Special Olympics programs for children and adults of all ages with intellectual disabilities.

Come out and show your support for our local Special Olympians who will be leading the way in this the Special Olympics 50<sup>th</sup> year!

For more information go to [www.torchrunontario.com](http://www.torchrunontario.com).

**Subject:** Noisy vehicles and racing  
**Date:** Thursday, May 09, 2019 11:25:12 AM

---

Dear [REDACTED]

Thank you for your email about the noise at night from vehicles.

I have also heard complaints about dirt bikes and noisy vehicles etc going up in the area behind Mill Run/Tim Hortons. I have noticed a few extremely noisy motorcycles on Ottawa Street, used to be every summer Sunday afternoon.

There is a noise by-law in Almonte; I attach a copy of it to this email.

There are also federal standards for noise emissions by vehicles set by the government at this link (generally 80 to 83 decibels):

[https://laws-lois.justice.gc.ca/eng/regulations/C.R.C.\\_c.\\_1038/section-sched6.html](https://laws-lois.justice.gc.ca/eng/regulations/C.R.C._c._1038/section-sched6.html)

I have copied By-Law on this reply for their investigation; they are responsible for enforcement and residents are directed to contact them. It would be very helpful, if there is an habitual time and day of the week for this, if you could provide them with some details, so that it is easier to identify those responsible, and also if you have observed any plate numbers and descriptions.

Their contact information is:

Email:

[bylaw.mles@gmail.com](mailto:bylaw.mles@gmail.com)

Telephone: 613-809-7048

I have also copied Susie Smithson who is the staff resource for the local Police Services Board; Councillor Ferguson, Mayor Lowry and I are on that board and we may wish to discuss with the police if they have other suggestions on how to address this; this is so that Susie is aware of the issue in case it should go on the agenda.

Thanks again for bringing it to our attention. If you get any additional info or updates, I would appreciate receiving same.

Sincerely,  
Jan

Community Policing Advisory Committee  
The Corporation of the Town of Mississippi Mills  
3131 Old Perth Road  
Almonte, Ontario  
K0A 1A0  
Att: Christa Lowry, Mayor

Dear Christa,

I am writing as a follow-up to our communication regarding the Appleton Side Road (ASR), specifically the policing and monitoring of speeding, speed limit signage, stop signs and pavement markings on the ASR.

I would like to preface this letter by stating that I attended a Community Policing Advisory Committee meeting over 10 years ago with a petition of over 200 signatures from residents concerned about the safety and the lack speed limit signage and pavement markings on the ASR. Since then, nothing has changed. I am hoping the concerns of the residents of the Appleton Side Road will be given more consideration.

We have been living on the Appleton Side Road for over 20 years and are concerned that a serious accident will result without more effective traffic policing. It is important to remember that of all fatal road collisions, rural roads account for around 27% of all motor vehicle fatalities and 19% of serious injuries due to motor vehicle speeding. There are many reasons why driving on these sorts of roads can be so hazardous.

More recently we have witnessed many instances of both cars and heavy trucks speeding on the ASR, aggressive passing of bikes and vehicles, and passing on areas with double lines.

As you are aware, the ASR is shared by cars, school buses, trucks, farm equipment, motorcycles, bicycle enthusiasts, runners, walkers and the odd farm animal.

The following would provide clear guidance to drivers and alleviate some of our major safety concerns:

- Speed limit signage
  - We need speed limit signs or radar signs on the ASR. There is no signage on the stretch of the ASR from Almonte to Appleton
- Pavement lines and lane markings
  - We need to change the pavement markings to double yellow lines (non-passing), particularly on vertical curves approaching the Hamilton side road. This will provide clear guidance for drivers and are essential at night and under severe weather conditions. In addition, the pavement markings help delineate the horizontal alignment of the roadway, providing drivers with early cues about upcoming curves, lane drops, road narrows, the presence of intersections, and other critical roadway features that may require a specific decision and/or action on the part of the driver.
- Stop signs
  - Consider stop signs at intersections to control the speeding and manage all traffic safety effectively

I am available to work with the committee to resolve these issues at their earliest convenience.

**Subject:** Dirt bikes on ovrtr

Hello again to all concerned--- there is an increasing use of LOUD and FAST dirt bikes along the trail. Only minutes ago, 2 went by the Carrs St. crossing, accelerating in dirt bike style, at high speed with accompanying noise. I heard them a long way down the trail.

Also, there is an increased use of atv traffic up and down Carrs , heading to other corners of the town. Going up the hill , of course , requires a lot of gas and therefore noise., and speed. There appears to be a couple using the route every evening. Fast and loud.

I do not appreciate my tax money to the county contributing to an increasingly frustrated life in this town due to this mechanized trail.

As for machines on Almonte streets, perhaps it's time to post signage, as seen in Merrickville,

prohibiting passage of atv's etc., in residential areas. Although in Almonte, MOST streets are residential. Time perhaps also, to re-visit the bypass option.

Should be noted also, that it is clearly evident that a good handful of local users try their best to intimidate those of us who care not to have them around. The Friendly Town.

For those of you not living adjacent to the trail, this is probably a non issue. Out of sight, out of mind. But for those of us nearby, it ain't a joy in life.

This issue, and others, will not cease unless actions are taken. I have no idea, except the obvious . And there are plenty of OTHERS who feel the same as myself. Trouble is, not all contact you, or the OPP.

( did any of you see the atv the size of a car, on the weekend ? Took up the full width of the trail)
