**ENVIRONMENTAL DEMANDS:**

Depending on the program, the noise level can be quite high throughout the day with some reprieve at sleep time. Some rooms have higher ceilings and sound can echo substantially. Some programs need to go through another room to reach both child and staff washrooms which can be disruptive to the program. There is expected lifting of children on to change tables for some programs. Lifting is a requirement to set up cots, move tables if necessary, and set up outdoor and indoor programming. The rooms have air conditioners and heat when required.

Mental alertness is required at all times. This position is heavily regulated and requires the incumbent to keep up with Ministerial changes in the CCEYA and College of ECE which can be challenging.

**WORKING CONDITIONS:**

Staff work on a part-time or full-time basis and hours vary. The average full-time employee works between 35-40 hours a week. Split shifts may also be required for the Before and After School programs.

When staff call in sick last minute, there can be undue stress on the remaining staff in the room to work with substitutes and to implement the daily programming.
